

Handy Nursery Container Availability - 8-13-25

- Office 503-663-2288 - Fax 503-663-3371 - Mobile 503-572-9730

[Email treeguru@frontier.com](mailto:treeguru@frontier.com)

When the amount available allows, please order in increments of 3 plants

PRIMARY 1 GALLON GRADES

1 Gal - L.S. - late shift - suitable in height for pot size but not fully rooted at the time of listing, caliper, branching and overall body will be somewhat diminished as compared to standard 1 gallon

1 Gal - F.S. - fresh shift - not rooted at the time of listing, all originating from a small cell or tube tray container

1 Gal - Liner - equal in height, body and caliper to a single season plant grown in a tube tray or graft pot

1 Gal - Usz - usually under 6" tall and sometimes down to just a few inches

1 Gal - 6" - usually 6-10" or 6-12" tall

1 Gal - Hvy Liner - not fully formed but far enough along that once flushed out in the spring it will approach a standard 1 gallon size plant

1 Gal - usually 10-24" tall and in most cases staked, unless shrub material or groundcovers

1 Gal - 2 Yr - propagated from the previous season and have been in the same pot for 2 growing seasons

1 Gal - 2' - usually 27-36" tall and in most cases staked, unless shrub material or groundcovers

1 Gal - 3' - usually 39-48" tall and in most cases staked, unless shrub material or groundcovers

1 Gal - 4' - usually 53-60" tall and in most cases staked (there are a handful of cases where we will also list 5', 6' and 7' height)

EXCEPTIONS

The designation "1 Gal" for some dwarf upright plants will be a minimum of 8-12" in height unless otherwise indicated

Some shrubs, groundcovers and spreading plants will be graded on body with no height criteria

We reserve the right to change sizes up or down at any time prior to shipping - Usz and 6" plants will not be substituted without prior approval.

If size changes of this type unacceptable please let me know when placing your initial order.

If you require an exact size grade and count before placing your order, please us know and once we conduct a final grade count we will attempt to lock in your request.

The price jump between grades (except very rare or very dwarf plants) will range from \$.75 to \$1.50.

Prompt Pay Volume Discount (below) - calculated at the time of invoice & only attributable when paid within terms.

Pre-pay discount - an accumulation of 3/4% per month for every full month between the date of prepayment and the and the shipment date

will be credited to the invoice as of the shipment date. Pre-Pay Discount is in addition to the Prompt Pay Volume Discount.

O.R. - when shown after the name - indicates plants grown from rooted cuttings rather than budding or grafting

Email - in the amounts column indicates availability, but sizes and amounts are still in flux and need to be finalized before confirming - email or call on those with amount desired

Abies	concolor	Brotzman's Weeping	1 Gal - 2 Yr	ct	slow, very pendant weeper from Brotzmans Nursery, elegant structure & rich lt. blue color
Abies	koreana	Ice Breaker	1 Gal - 2 Yr Light	ct	top rated dense dwarf bun, curved exposed lvs silver white
Abies	koreana	Ice Breaker	1 Gal - 2 Yr	ct	top rated dense dwarf bun, curved exposed lvs silver white
Abies	koreana	Ice Breaker	3 Gal	ct	top rated dense dwarf bun, curved exposed lvs silver white
Abies	numidica	Pendula	1 Gal	ct	horizontal, wd spreading low profile, semi- pendant branch ends, dark grn & silver blue needles
Abies	procera	(Not Identified)	1 Gal - 2 Yr	ct	slow, very dense dwarf, blue-green - found mixed in a batch of procera Galuca
Abies	x koreocarpa	(species hybrid)	1 Gal - 2 Yr 1-2'	ct	hybrid vigor, clear light blue needles, uniform conical habit
Abies	x koreocarpa	Inga	1 Gal	ct	hybrid vigor, clear light blue needles, uniform conical habit
Acer	campestre	Carnival	1 Gal	ct	lvs edged w wide band of white, pink new gwth, compact
Acer	circinatum	Pacific Sprite	1 Gal - 2 Yr	ct	semi-dwarf to 6' in 10 yrs, dark grn lvs crinkled congested, narrow upright habit
Acer	circinatum	Burgundy Jewel	1 Gal - 6"	ct	mature lvs dark burg, holds & improves in sun, ong red fall
Acer	circinatum	Burgundy Jewel	1 Gal	ct	mature lvs dark burg, holds & improves in sun, ong red fall
Acer	circinatum	Cassandra	1 Gal - 2 Yr 2'	ct	peach new growth, spring lvs chateuse yell, summer chart green - w dark green flecks & patches
Acer	circinatum	Cassandra	1 Gal - 2 Yr 3'	ct	peach new growth, spring lvs chateuse yell, summer chart green - w dark green flecks & patches
Acer	circinatum	Cassandra	6 Gal - 3 Yr 3' Br,	ct	peach new growth, spring lvs chateuse yell, summer chart green - w dark green flecks & patches
Acer	circinatum	Cassandra	6 Gal - 3 Yr 4' Br,	ct	peach new growth, spring lvs chateuse yell, summer chart green - w dark green flecks & patches
Acer	circinatum	Elias' Pacific Waterfall	1 Gal - 2'	ct	handy intro, new - pendulous mounding, no upright branches, named after #2 grandson
Acer	circinatum	Elias' Pacific Waterfall	1 Gal - 3'	ct	handy intro, new - pendulous mounding, no upright branches, named after #2 grandson
Acer	circinatum	Pacific Fire	1 Gal - 2'	ct	rich red stems, form like species, lvs orng-yel spring & fall
Acer	circinatum	Pacific Fire	1 Gal - 2 Yr	ct	rich red stems, form like species, lvs orng-yel spring & fall
Acer	circinatum	Sunglow	1 Gal	ct	new lvs apricot, yel green to lt green summer, semi dwf, yel-orng fall
Acer	crataegifolium	Meuri No Fu - o. root	1 Gal - 2 Yr	ct	small hawthorn like lvs variegated pink, white & green, pink stems, twiggy md sz tree
Acer	griseum x pseudop.	Purple Haze (limit 2)	1 Gal	ct	trifoliate griseum leaf shape, underside wine-color, extra-orng fall, hybrid vigor, vase shaped
Acer	japonicum	Ed Woods	1 Gal - 6"	ct	largest leaf of the class, slow in youth, eventually md size tree, enduring rich red fall
Acer	japonicum	Ed Woods	1 Gal	ct	largest leaf of the class, slow in youth, eventually md size tree, enduring rich red fall
Acer	japonicum	Emmett's Pumpkin	1 Gal	ct	large lvs, fast upright, orng blush new lvs, rich orng fall
Acer	japonicum	Emmett's Pumpkin	1 Gal - 2'	ct	large lvs, fast upright, orng blush new lvs, rich orng fall

Acer	japonicum	Emmett's Pumpkin	1 Gal - 2 Yr 2'	ct	large lvs, fast upright, orng blush new lvs, rich orng fall
Acer	japonicum	Emmett's Pumpkin	1 Gal - 2 Yr 3'	ct	large lvs, fast upright, orng blush new lvs, rich orng fall
Acer	japonicum	Ruby	1 Gal - 6"	ct	purp red spring & early summ, then brnz / drk grn - orange red fall, sm tree
Acer	japonicum	Ruby	1 Gal	ct	purp red spring & early summ, then brnz / drk grn - orange red fall, sm tree
Acer	japonicum	Ruby	1 Gal - 2 Yr 3'	ct	purp red spring & early summ, then brnz / drk grn - orange red fall, sm tree
Acer	japonicum	Ruby	3 Gal	ct	purp red spring & early summ, then brnz / drk grn - orange red fall, sm tree
Acer	longipes	Gold Coin (seedling)	1 Gal	ct	rare, rich yel sp lvs, tips red-orng, yel mid-rib, md sz tree
Acer	longipes	Gold Coin (seedling)	1 Gal - 2'	ct	rare, rich yel sp lvs, tips red-orng, yel mid-rib, md sz tree
Acer	macrophyllum	Elynor's Heart Of Gold	1 Gal	ct	yellow-gold lvs, brightest in spring, ultimate size undetermined
Acer	macrophyllum	Mocha Rose	1 Gal	ct	much smaller tree, violet pink new lvs, yel vein, orng-yel fall
Acer	palmatum	Alan's Gold	1 Gal - 2'	ct	pine bark type (precocious), spring lvs royal yell w orng edging, grn summer, orng-red fall
Acer	palmatum	Alpine Silver Thread	1 Gal - 6"	ct	reticulated white w green veins, brt grn bark, lemon yel fall
Acer	palmatum	Alpine Silver Thread	1 Gal	ct	reticulated white w green veins, brt grn bark, lemon yel fall
Acer	palmatum	Amagi Shigure	1 Gal	ct	reticulated dark red / pink w purple veins & margin, fall orange purple
Acer	palmatum	Anne Irene	1 Gal	ct	branch sport of Summergold - ruffled leaf edge red-orange in spring
Acer	palmatum	Beni Chaparrito	1 Gal - 6"	ct	new heat tolerant upright semi-dwf, dense md sz red-purp lvs
Acer	palmatum	Beni Chaparrito	1 Gal	ct	new heat tolerant upright semi-dwf, dense md sz red-purp lvs
Acer	palmatum	Beni Hoshi	1 Gal	ct	slow dwf red upright, small but not tiny, red star shaped lvs
Acer	palmatum	Beni Maiko	1 Gal	ct	sm tree, small intense bright pink-red leaves in spring
Acer	palmatum	Beni Tsukasa	1 Gal - L.S.	ct	sm upright but not dwf, flamingo pink in spring, gradual fade to lt green, orng-red fall
Acer	palmatum	Black Hole	1 Gal	ct	purp ghost seed variant, lvs combo of purple, pink, cream and red w contrasting veins.
Acer	palmatum	Black Lace	1 Gal	ct	red-purple upright, lvs heavily toothed w lobes deeply divided to the mid-rib, scarlet fall
Acer	palmatum	Bloodgood	1 Gal - 1-9	ct	you know the one
Acer	palmatum	Bloodgood	1 Gal - 10 plus	ct	you know the one
Acer	palmatum	Bloodgood (Min 5)	2 Gal	ct	you know the one
Acer	palmatum	Bloodgood (Min 5)	5 Gal	ct	you know the one
Acer	palmatum	Calico	1 Gal	ct	small upright, md size lvs strawberry-coral-peach in spring, lime grn summer, multi-color fall
Acer	palmatum	Calico	1 Gal - 2 Yr 4'	ct	small upright, md size lvs strawberry-coral-peach in spring, lime grn summer, multi-color fall
Acer	palmatum	Celebration	1 Gal - 2'	ct	purp ghost seed variant, lvs reticulated red-purple / maroon - very dark in later mo
Acer	palmatum	Chirimen Nishiki (limit 2)	1 Gal	ct	dwf shrubby, sm elongated lvs gr w scattered yell flecks and sections, brt pink spring
Acer	palmatum	Columnar (min 10)	1 Gal	ct	selected from a local OR nursery, narrow but fast growing seedling type
Acer	palmatum	Columnar (Min 5)	2 Gal	ct	selected from a local OR nursery, narrow but fast growing seedling type
Acer	palmatum	Coral Magic	1 Gal	ct	spng lvs centered yel-gold, edged hot pink, semi dwf
Acer	palmatum	Coral Magic	1 Gal - 2 Yr	ct	spng lvs centered yel-gold, edged hot pink, semi dwf
Acer	palmatum	Cotton Candy	1 Gal - 2'	ct	selection from del louchs, fast upright w pink & white variegation, some stems with pink streaks

Acer	palmatum	Dragon Master	1 Gal - 2'	ct	Ryusen variant, strongly weeping, orng spring, yellsummer, orng-red fall
Acer	palmatum	Easy Being Green (limit 3)	1 Gal	ct	HNC intro - Mikawa yat type, new lvs indian red, copper, yell-grn & finally md grn. typical 'Mikawa' habit
Acer	palmatum	Elena's Coral Dawn	1 Gal	ct	HNC release, lvs deeply & irreg serrated, coral amber & lt. pink w burg veins, thn yel-grn peach
Acer	palmatum	Elena's Coral Dawn	3 Gal - 3 Yr 3'	ct	HNC release, lvs deeply & irreg serrated, coral amber & lt. pink w burg veins, thn yel-grn peach
Acer	palmatum	Elena's Coral Dawn	10 Gal - 4 Yr 5'	ct	HNC release, lvs deeply & irreg serrated, coral amber & lt. pink w burg veins, thn yel-grn peach
Acer	palmatum	Elizabeth	1 Gal - 2'	ct	dense red dwarf upright, faster and tougher than shaina
Acer	palmatum	Ellwood Orange	1 Gal	ct	upright, spring lvs bright orange, lasts well in to summer, dark red fall
Acer	palmatum	Emerald Sunset	1 Gal	ct	spring lvs rich yellow, yel grn then grn - dark red-purple tips & edges long in to the season
Acer	palmatum	Emperor 1	1 Gal - 10 plus	ct	you know the one
Acer	palmatum	Emperor 1	1 Gal - 1-9	ct	you know the one
Acer	palmatum	Emperor 1 (Min 5)	2 Gal	ct	you know the one
Acer	palmatum	Emperor 1 (Min 5)	5 Gal	ct	you know the one
Acer	palmatum	Fairy Hair	1 Gal - Liner	ct	long, super thin slivers of bright grn lvs, slow, sm / md sz tree, rare
Acer	palmatum	Fairy Hair	1 Gal	ct	long, super thin slivers of bright grn lvs, slow, sm / md sz tree, rare
Acer	palmatum	Frosted Purple	1 Gal	ct	reticulated varieg, rich purp esp in spring, purple veins red-purple flesh, small stature
Acer	palmatum	Glen Eugene Handy	1 Gal	ct	new, makes a broad open upright, lvs red-purp thn black-purp, irregularly toothed & deeply divided
Acer	palmatum	Glen Eugene Handy	5 Gal - 3 Yr 3'	ct	new, makes a broad open upright, lvs red-purp thn black-purp, irregularly toothed & deeply divided
Acer	palmatum	Glen Eugene Handy	5 Gal - 3 Yr 4'	ct	new, makes a broad open upright, lvs red-purp thn black-purp, irregularly toothed & deeply divided
Acer	palmatum	Happy Corallinum	1 Gal	ct	faster & sturdier, new lvs shrimp pink, then rd-pink, then grn
Acer	palmatum	Happy Corallinum	1 Gal - 2 Yr	ct	faster & sturdier, new lvs shrimp pink, then rd-pink, then grn
Acer	palmatum	Happy Corallinum	1 Gal - 2 Yr 2'	ct	faster & sturdier, new lvs shrimp pink, then rd-pink, then grn
Acer	palmatum	Harvest Orange	1 Gal - L.S.	ct	hardy canadian form, green lvs, are richly colored & reliably true orange in fall, upright to 15'
Acer	palmatum	Hime Shojo	1 Gal - L.S.	ct	true dwarf, sm lvs brt red spng, darkening later & holds in summ, dense twiggy loosely rouned
Acer	palmatum	Hubble's Super Cork	1 Gal - L.S.	ct	heavily corked and fissured bark ata a young age, green lvs, orange red fall, sutiable for bonsai
Acer	palmatum	Hubble's Super Cork	1 Gal - 6"	ct	heavily corked and fissured bark ata a young age, green lvs, orange red fall, sutiable for bonsai
Acer	palmatum	Hubble's Super Cork	1 Gal	ct	heavily corked and fissured bark ata a young age, green lvs, orange red fall, sutiable for bonsai
Acer	palmatum	Hubbs Red Willow	1 Gal	ct	1 of the best red linear leaf form, fast grower, consistently narrow, holds red color
Acer	palmatum	Ikandi	1 Gal	ct	new lvs pink, thn lobes centered grn edged white-pink- summ edged orange-red, vase shaped
Acer	palmatum	Illini Sunrise	1 Gal - 2 Yr	ct	new, org yel spng wh established, red atro-like summer, upright
Acer	palmatum	Illini Sunrise	1 Gal - 2 Yr 2'	ct	new, org yel spng wh established, red atro-like summer, upright
Acer	palmatum	Illini Sunrise	1 Gal - 2 Yr 4' Br	ct	new, org yel spng wh established, red atro-like summer, upright
Acer	palmatum	Illini Sunrise	5 Gal - 4'	ct	new, org yel spng wh established, red atro-like summer, upright
Acer	palmatum	Incognito	1 Gal	ct	sturdy upright semi dwf, lvs open dark purp, dark grn summ, thickly arranged, super heat tolerant
Acer	palmatum	Incognito	1 Gal - 2 Yr 3'	ct	sturdy upright semi dwf, lvs open dark purp, dark grn summ, thickly arranged, super heat tolerant
Acer	palmatum	Incognito	1 Gal - 2 Yr 4'	ct	sturdy upright semi dwf, lvs open dark purp, dark grn summ, thickly arranged, super heat tolerant

Acer	palmatum	Jerre Schwartz	1 Gal	ct	nice dwf, deeply divided lvs, red spring, red-grn summer
Acer	palmatum	Jewels	10 Gal - 5 Yr 4-5'	ct	very rare dwarf, similar to sharp's pygmy but 1/3 the size
Acer	palmatum	Ji Jiao	1 Gal	ct	young branch ends burgundy, older stems decidedly light pastel pink to salmon-pink. fast upright.
Acer	palmatum	Kawahara Rose	1 Gal - L.S.	ct	spring bric- pink to tiger-orange & centered yellow, grn summer, bright yel-orng fall
Acer	palmatum	Kawahara Rose	1 Gal	ct	spring bric- pink to tiger-orange & centered yellow, grn summer, bright yel-orng fall
Acer	palmatum	Ko Yuki	1 Gal	ct	reticulated variegation, lvs hvy toothed, cream & lt grn w drk grn veins
Acer	palmatum	Koto No Ito	1 Gal - L.S.	ct	ultimate narrow linear leaf, some almose thread like, bright green, sturdy md size tree
Acer	palmatum	Kuranai Jishi	1 Gal - 6"	ct	looks like somebody sprayed it with 24D - but in a nice way
Acer	palmatum	Kuro Hime	1 Gal	ct	dense round dwarf, small lvs red-pink in spg, thn green, w bright red new shoots, ong-red fall
Acer	palmatum	LileeAnne's Jewel	1 Gal	ct	new variegated, deeply divided lobes, burgundy with rich pink & splashes of white, upright
Acer	palmatum	Lilly Pad (Limit 3)	1 Gal	ct	Mikawa Yatsubusa, similar structure, lvs much narrower, semi-frilly, light grn-yellow varieg
Acer	palmatum	Livy	1 Gal	ct	bloodgood variant - smaller, slower, more upright & compact
Acer	palmatum	Livy	1 Gal - 2 Yr	ct	bloodgood variant - smaller, slower, more upright & compact
Acer	palmatum	Mama Fu	1 Gal	ct	rare upright twiggy treee, small leaves are green, white & generous amounts of pink. del louchs intro.
Acer	palmatum	Manyo No Sato	1 Gal	ct	strawberry pink / red-pink spng, old lvs dark purp, contrasting veins
Acer	palmatum	Mikawa Yatsubusa (limit 3)	1 Gal	ct	still one of the very best dwarfs, dark grn lvs, stacked, layered and tiered on irreg angled branches
Acer	palmatum	Mikazuki	1 Gal	ct	lvs narrow lobed, toothed, varieg pink & wh w drk gr vein
Acer	palmatum	Mikazuki	1 Gal - 2 Yr 2' Br.	ct	lvs narrow lobed, toothed, varieg pink & wh w drk gr vein
Acer	palmatum	Mikazuki	1 Gal - 2 Yr 3' Br.	ct	lvs narrow lobed, toothed, varieg pink & wh w drk gr vein
Acer	palmatum	Moonfire	1 Gal - 2 Yr 3'	ct	upright, garnet colored lvs, highly rated for heat tolerance and holding color, bright red fall
Acer	palmatum	Nebula	1 Gal	ct	reticulated varig, pink & lt.green early on, maturing light yel-orng to orng-pink, red fall
Acer	palmatum	Nishiki Gawa	1 Gal - L.S.	ct	pine-like bark, upright, top tier fall color - from vivid yellow to red-orange
Acer	palmatum	Ojishi	1 Gal	ct	similar but slower and more round headed than Shishigshira
Acer	palmatum	Olsen's Frosted Strawberry	1 Gal - 2 Yr	ct	straw pnk / rd-pnk spng, old lvs drk purp, contrasting veins
Acer	palmatum	Olsen's Frosted Strawberry	1 Gal - 2 Yr 2'	ct	straw pnk / rd-pnk spng, old lvs drk purp, contrasting veins
Acer	palmatum	Olsen's Frosted Strawberry	1 Gal - 2 Yr 3'	ct	straw pnk / rd-pnk spng, old lvs drk purp, contrasting veins
Acer	palmatum	Orange Flame (Min 5)	1 Gal	ct	fast upright, hardy, lvs large, deep divided, rich orange spring, grn summ, dark orange fall
Acer	palmatum	Orion	1 Gal	ct	dwarf broom, sm lvs, lobes notched, cut to midrib, pink red, then darker red
Acer	palmatum	Pastel	1 Gal	ct	delicate pink & cream in spring, light w pink edges in summ, dark red fall
Acer	palmatum	Peve Multicolor	1 Gal	ct	small shrubby form, sand variegation lt gr w pnk & wh, pink fall
Acer	palmatum	Peve Starfish	1 Gal - 2 Yr	ct	unusual, starfish shaped, lobes curl under, red-purp in sp, burg summer, red fall, sm tree
Acer	palmatum	Peve Starfish	1 Gal - 2 Yr - 2'	ct	unusual, starfish shaped, lobes curl under, red-purp in sp, burg summer, red fall, sm tree
Acer	palmatum	Peve Starfish	1 Gal - 2 Yr - 4'	ct	unusual, starfish shaped, lobes curl under, red-purp in sp, burg summer, red fall, sm tree
Acer	palmatum	Phantom Flame	1 Gal	ct	new, reticulated varieg or cream w green veins, spring leaf tips blood red
Acer	palmatum	Purple Ghost	1 Gal	ct	dark purple veins w pink purp flesh, darkens wh mature, broad spreading sturdy upright

Acer	palmatum	Purple Thunder	1 Gal	ct	dark purple-red, purp-pink reticulated variegation, black veins, small tree
Acer	palmatum	Radiant	1 Gal - 2 Yr 2'	ct	lvs brushed w pinks, wh & grn, bark colored in vertical striping
Acer	palmatum	Rhode Island Red	1 Gal - 2 Yr	ct	red dwf, dense mounding to round crown, scarlet fall
Acer	palmatum	Rite Of Spring	1 Gal - 2 Yr 3'	ct	lobes toothed & cut to the mid rib, red, then drk red, crimson fall, narrow
Acer	palmatum	Ryugu	1 Gal	ct	dwarf compact shrub, tiny light & dark grn lvs splashed cream & pink, dark purp stems
Acer	palmatum	Ryusen	1 Gal - 2'	ct	extraordinarily pendant narrow weeper, sm green leaf, fast growing, red-orange fall
Acer	palmatum	Saiho	1 Gal	ct	dense, twiggy dwarf, tiny chartreuse lvs, edged red in spring, bonsai use
Acer	palmatum	Sango Kaku	1 Gal - 10 plus	ct	you know the one
Acer	palmatum	Sango Kaku	1 Gal - 1-9	ct	you know the one
Acer	palmatum	Sango Kaku (Min 3)	5 Gal	ct	you know the one
Acer	palmatum	Sango Kaku (Min 5)	2 Gal	ct	you know the one
Acer	palmatum	She Katy	1 Gal	ct	narrow upright w open outline, burgundy lvs in spng, then brnz, orange fall
Acer	palmatum	Shigi No Hoshi	1 Gal	ct	dwarf shrubby reticulated form, small leaves cream - white - lt. green with dark veins
Acer	palmatum	Shin Hikasa	1 Gal	ct	Higasayama type, white variegation, dwarf, sm closely attached leaves, bright pink in spring.
Acer	palmatum	Shin Hikasa	1 Gal - 2 Yr 2'	ct	Higasayama type, white variegation, dwarf, sm closely attached leaves, bright pink in spring.
Acer	palmatum	Shishigashira (Min 10)	1 Gal	ct	you know the one
Acer	palmatum	Shishigashira (Min 3)	2 Gal	ct	you know the one
Acer	palmatum	Skeeters Broom	1 Gal - 2 Yr	ct	dwarf / semi-dwf. dense upright, dark red-purple leaves, scarlet fall
Acer	palmatum	Skeeters Broom	1 Gal - 2 Yr 2'	ct	dwarf / semi-dwf. dense upright, dark red-purple leaves, scarlet fall
Acer	palmatum	Skeeters Broom	1 Gal - 2 Yr 3'	ct	dwarf / semi-dwf. dense upright, dark red-purple leaves, scarlet fall
Acer	palmatum	Strawberry Spring	1 Gal - L.S.	ct	reticulated & varying variegation mostly pink, purple, rose, at times w ivory hue
Acer	palmatum	Strawberry Spring	1 Gal	ct	reticulated & varying variegation mostly pink, purple, rose, at times w ivory hue
Acer	palmatum	Summer Gold	1 Gal	ct	new, sp lvs yel & edged red, summ gold yel, full sun tolerant
Acer	palmatum	Summer Gold	1 Gal - 2 Yr 2'	ct	new, sp lvs yel & edged red, summ gold yel, full sun tolerant
Acer	palmatum	Tiger Rose	1 Gal - 2 Yr	ct	reticulated w rose pink hints, dark grn veins, yell-cream flesh in summer, semi pendant
Acer	palmatum	Twombly's Red Sentinel	1 Gal - L.S.	ct	upright semi dwf, columnar when young, drk red-purp lvs
Acer	palmatum	Uzen Nishiki	1 Gal - L.S.	ct	newer varieg. new lvs edged pink-purp, interior pink, cream & light gr,
Acer	palmatum	Uzen Nishiki	1 Gal - 3'	ct	newer varieg. new lvs edged pink-purp, interior pink, cream & light gr,
Acer	palmatum	White Butterfly	1 Gal	ct	rare dwf bloodgood, slow & dense, lvs, rd all yr, heat toler
Acer	palmatum	Wildfire	1 Gal - L.S.	ct	yellow-orng older bark, younger fire red, super fast upright, orng fall
Acer	palmatum	Winter Orange	1 Gal - L.S.	ct	coral bark type - orange red, Canadian origin so hardier, yellow fall
Acer	palmatum	Winter's Red	1 Gal	ct	rare, uniform upright, dense spreading semi-dwf, lvs red-purp spring, ruby-red fall
Acer	palmatum	Yama Nishiki	1 Gal	ct	improved higasayama type, lobes w wide wh band turn rich pink fall
Acer	palmatum	Yama Nishiki	1 Gal - 2'	ct	improved higasayama type, lobes w wide wh band turn rich pink fall
Acer	palmatum	Yellow Cascade	1 Gal	ct	rich yell leaf variant of Ryusen, fast & very pendant, stake to ach ht. orang red fall

Acer	palmatum	Yellow Threads	1 Gal	ct	intricately arranged narrow lobe type, yellow green in spring, light grn summer, orange fall
Acer	palmatum diss.	Ash's Scarlet Princess	1 Gal - 2 Yr 2'	ct	new rare dwarf c. queen broom, dense & small stature
Acer	palmatum diss.	Chantilly Lace	1 Gal	ct	finely dissected leaf, red-orng spring, lt grn summ, fuchsia fall
Acer	palmatum diss.	Crimson Queen	1 Gal - 1-9	ct	you know the one
Acer	palmatum diss.	Crimson Queen	1 Gal - 10 plus	ct	you know the one
Acer	palmatum diss.	Crimson Queen Broom	1 Gal - 2 Yr	ct	very little data on this one but field observation shows 1/2 to 2/3 the size of the parent
Acer	palmatum diss.	Emerald Lace	1 Gal - L.S.	ct	fastest of all dissected maples, sm delicate grn lvs, heat tolerant, purp fall, train to desired height
Acer	palmatum diss.	Emerald Lace	1 Gal - 3' & up	ct	fastest of all dissected maples, sm delicate grn lvs, heat tolerant, purp fall, train to desired height
Acer	palmatum diss.	English Lace	1 Gal	ct	large scale upright red laceleaf, ascending leader, undulating & spreading vase shape
Acer	palmatum diss.	Inabe Shidare	1 Gal - 10 plus	ct	you know the one
Acer	palmatum diss.	Inabe Shidare	1 Gal - 1-9	ct	you know the one
Acer	palmatum diss.	Inabe Shidare (Min 5)	2 Gal	ct	you know the one
Acer	palmatum diss.	Jedeloh Orange	1 Gal	ct	red-orange early on, grn-purple summer w orangish edge, new summer shoots red, orange fall.
Acer	palmatum diss.	Lemon Lime Lace	1 Gal	ct	dense mounding w light lemon new growth, green-yellow w age, yellow-orng fall
Acer	palmatum diss.	Octopus	1 Gal - 2'	ct	red-pink then red-purp then bronze-red, scarlet in fall
Acer	palmatum diss.	Orangeola	1 Gal - 6"	ct	orng new lvs thru season, summer rd-gr, bright red fall
Acer	palmatum diss.	Orangeola (Min 10)	1 Gal	ct	orng new lvs thru season, summer rd-gr, bright red fall
Acer	palmatum diss.	Pink Ballerina	1 Gal	ct	variegated dwarf weeper, lvs w scattered pattern of pink, red and green. orange and red fall.
Acer	palmatum diss.	Red Dragon (Min 10)	1 Gal - 1-9	ct	you know the one
Acer	palmatum diss.	Red Spider Web	1 Gal	ct	extra slow, very delicatley incised and fringed small leaves,dark red purple
Acer	palmatum diss.	Seiryu	1 Gal - 1-9	ct	fast upright spreading vase, delicate md green dissectum leaves, red fall color
Acer	palmatum diss.	Seiryu	1 Gal - 10 plus	ct	fast upright spreading vase, delicate md green dissectum leaves, red fall color
Acer	palmatum diss.	Spring Delight	1 Gal	ct	showy light green w pink red-margins and tips in the spring, orange fall
Acer	palmatum diss.	Tamukeyama	1 Gal - 1-9	ct	the standard in non-green dissectums, hardy, fast, dark purp in summer, avoids early frosts
Acer	palmatum diss.	Tamukeyama	1 Gal - 10 plus	ct	the standard in non-green dissectums, hardy, fast, dark purp in summer, avoids early frosts
Acer	palmatum diss.	Tamukeyama	2 Gal	ct	the standard in non-green dissectums, hardy, fast, dark purp in summer, avoids early frosts
Acer	palmatum diss.	Viridis	1 Gal - 1-9	ct	you know the one
Acer	palmatum diss.	Viridis	1 Gal - 10 plus	ct	you know the one
Acer	palmatum diss.	Waterfall	1 Gal - 1-9	ct	you know the one
Acer	palmatum diss.	Waterfall	1 Gal - 10 plus	ct	you know the one
Acer	palmatum diss.	Watnong	1 Gal	ct	first lvs red, thn pink, underlaid w peach & settled lvs grn, wd spread
Acer	palmatum diss.	Zoey Ray	1 Gal - L.S.	ct	new intro, low spreader, 1.5' ht x 5' wd in 10 yrs, dark red w light red new lvs, no fading in summer
Acer	platanoides	Curly Lamppost	1 Gal - 4-6"	ct	very dwf, tight congested puckered grn lvs, ultra narrow
Acer	platanoides	Curly Lamppost	1 Gal - 6-10"	ct	very dwf, tight congested puckered grn lvs, ultra narrow
Acer	platanoides	Curly Lamppost	1 Gal - 12"	ct	very dwf, tight congested puckered grn lvs, ultra narrow

Acer	platanoides	Curly Lamppost	20 Gal - 6 Yr 2.0" - 5'	ct	very dwf, tight congested puckered grn lvs, ultra narrow
Acer	platanoides	Golden Globe	1 Gal	ct	yellow leaf form of the popular globe norway
Acer	platanoides	Golden Globe - Single	1 Gal - 2'	ct	yellow leaf form of the popular globe norway
Acer	platanoides	Golden Globe - Single	1 Gal - 3'	ct	yellow leaf form of the popular globe norway
Acer	platanoides	Golden Globe - Single	1 Gal - 4'	ct	yellow leaf form of the popular globe norway
Acer	platanoides	Maltese Cross	1 Gal - 3'	ct	uusual leaf w each notched lobe cut almost to the midrib, green, lg tree
Acer	platanoides	Paldiski	5 Gal - 3 Yr 4-5'	ct	super rare - the narrowest of linear leaf Norway maples, not dwarf
Acer	platanoides	Paldiski (limit 2)	1 Gal - 2'	ct	super rare - the narrowest of linear leaf Norway maples, not dwarf
Acer	platanoides	Plum DenCity	1 Gal - 2'	ct	(Formerly Purple Globe) turns out at maturity it's a cylindrical, dense upright
Acer	platanoides	Plum DenCity	1 Gal - 3'	ct	(Formerly Purple Globe) turns out at maturity it's a cylindrical, dense upright
Acer	platanoides	Rezek	1 Gal - 4-6"	ct	very dwf, tight congested puckered grn lvs, ultra narrow
Acer	platanoides	Rezek	1 Gal - 6-10"	ct	very dwf, tight congested puckered grn lvs, ultra narrow
Acer	platanoides	Tharandt	1 Gal - 2'	ct	odd & rare, lobes round, lvs almost clover shape, full sz tree
Acer	platanoides	Walderseei	1 Gal - 3'	ct	lvs speckled cream over lt grn, slowly makes full sz tree
Acer	pseudoplatanus	Nizetti	1 Gal	ct	varieg "wineleaf" type, new lvs amber, thn splashed & mottled orange-pink w green, wine underside
Acer	psuedosieboldianum	grafted on A palm.	1 Gal	ct	the most cold tolerant of all asiatic maples, fast upright, decent sz lvs, red orng in fall
Acer	psuedosieboldianum	seedling	1 Gal - 2'	ct	the most cold tolerant of all asiatic maples, fast upright, decent sz lvs, red orng in fall
Acer	saccharum	Monumentale	5 Gal - 7'	ct	ultra narrow, less thn 3' wd for many yrs, ancient specimens to 6-8' wd, typical brillilant red-orng fall
Acer	saccharum	Monumentale	7 Gal - 10'	ct	ultra narrow, less thn 3' wd for many yrs, ancient specimens to 6-8' wd, typical brillilant red-orng fall
Acer	saccharum	Shawn's Pillar	3 Gal - 5'	ct	Handy intro, dwarf columnar, slow growing w dense congested lvs and stubby branches
Acer	shiras. x palmatum	Gloria	1 Gal	ct	cherry red, then dark purple, crimson fall color, sm to md size low branched tree
Acer	shiras. x palmatum	Purple Curls	1 Gal - L.S.	ct	subtle variegation on unusual red-green lvs, cupped & curled downward, brt red fall
Acer	shiras. x palmatum	Purple Curls	1 Gal	ct	subtle variegation on unusual red-green lvs, cupped & curled downward, brt red fall
Acer	shirasawanum	Aureum	1 Gal - 9-14"	ct	Still prized for its rich yellow foliage, protect from hot afternoon sun, sm tree
Acer	shirasawanum	Aureum	3 Gal - 18-24" Br.	ct	Still prized for its rich yellow foliage, protect from hot afternoon sun, sm tree
Acer	shirasawanum	Autumn Moon	1 Gal	ct	sp lvs, rose-peach- later yellow w burnt orng hints, red-orng fall
Acer	shirasawanum	Autumn Moon	1 Gal - 2'	ct	sp lvs, rose-peach- later yellow w burnt orng hints, red-orng fall
Acer	shirasawanum	Autumn Moon	1 Gal - 3'	ct	sp lvs, rose-peach- later yellow w burnt orng hints, red-orng fall
Acer	shirasawanum	Blue Moon	1 Gal	ct	brand new, more chartreuse yel than aureum, imp. structure
Acer	shirasawanum	Blue Moon	1 Gal - 2 Yr	ct	newer selection, more chartreuse yel than aureum, imp. structure
Acer	shirasawanum	Blue Moon	1 Gal - 2 Yr 2'	ct	newer selection, more chartreuse yel than aureum, imp. structure
Acer	shirasawanum	Blue Moon	1 Gal - 2 Yr 3'	ct	newer selection, more chartreuse yel than aureum, imp. structure
Acer	shirasawanum	Green Snowflake	1 Gal - 2'	ct	sm wpg dissec type, dainty finely divided grn lvs, yel orng fall
Acer	shirasawanum	Haru Iro	1 Gal	ct	dwarf, semi pendant lvs, copper red w lt grn veins, red tips, grn at base, orng-red fall
Acer	shirasawanum	Junihitoe	1 Gal - 6"	ct	old, slow grwoing form w bright green lvs, long lasting rich orange fall

Acer	shirasawanum	Mikado	1 Gal	ct	lvs narrow lobed, mauve spring, infused w pale green later sp, orng-red fall
Acer	shirasawanum	Moonrise pp 16.718	1 Gal - 6-10"	ct	leaves bright salmon, mature to gold-yel, red-orng fall
Acer	shirasawanum	Moonrise pp 16.718	1 Gal	ct	leaves bright salmon, mature to gold-yel, red-orng fall
Acer	shirasawanum	Moonrise pp 16.718	1 Gal - 2 Yr 2'	ct	leaves bright salmon, mature to gold-yel, red-orng fall
Acer	shirasawanum	Moonrise pp 16.718	1 Gal - 2 Yr 3'	ct	leaves bright salmon, mature to gold-yel, red-orng fall
Acer	shirasawanum	Purple Umbrella	1 Gal - 6"	ct	overly lg lvs, long pendant lobes auburn spng, eggplant purp, summ grn w maroon edge, red gall
Acer	shirasawanum	Purple Umbrella	1 Gal	ct	overly lg lvs, long pendant lobes auburn spng, eggplant purp, summ grn w maroon edge, red gall
Acer	shirasawanum	Seasons Of Change	1 Gal - L.S.	ct	upright, lobes dividied to mid-rib, green, green w red, then red w grn, scarlet fall
Acer	shirasawanum	Seasons Of Change	1 Gal - 2 Yr 3'	ct	upright, lobes dividied to mid-rib, green, green w red, then red w grn, scarlet fall
Acer	sieboldianum	Kumoi Nishiki	1 Gal	ct	leaves suffused with dark & light green, white & cream, typical species habit, very hardy.
Acer	sieboldianum	Kumoi Nishiki	1 Gal - 2 Yr 4'	ct	leaves suffused with dark & light green, white & cream, typical species habit, very hardy.
Acer	sieboldianum	Shiryu No Tsume	1 Gal - 2'	ct	rare linear leaf, very narrow lobes, fast upright, rd orng fall
Acer	x conspicuum	Esk Flamingo	1 Gal	ct	weeping variegated striped bark, new leaves pink, cream & lt. green
Aesculus	hippocastanum	Hampton Court Gold	1 Gal	ct	yellow primarily in spring,w occasional flecks or irregualr patches of green, full size tree
Aesculus	hippocastanum	Laciniata	1 Gal	ct	rare, delicate dissected lvs, dense & shrubby, md sz tree
Aesculus	hippocastanum	Memmingeri	1 Gal	ct	lvs whitish yellow, pulverulent & subtly suffused & striped
Aesculus	hippocastanum	Wisselink	1 Gal	ct	silver-wh lvs w drk gr veins, wh flw, lg tree, still evaluating
Aesculus	parviflora	Rogers (seedling)	1 Gal	ct	24" wh flw spike mid sum,round shrub, ex yel fall
Aesculus	parviflora	Rogers (seedling)	1 Gal - 2'	ct	24" wh flw spike mid sum,round shrub, ex yel fall
Aesculus	pavia	Scioto	1 Gal - L.S.	ct	clean foliage lasting in to the fall, no nasty August leaf scorch, red flowers, fall red-orng
Aesculus	turbinata	Marble Chip	1 Gal	ct	big compound lvs w bold patches of white & grn, rich pink new growt, fast & very large shade tree
Aesculus	x carnea	Aureomarginata	1 Gal	ct	leaf edge banded yel, 7-9" red flw panicle in md sp, lg tree
Aesculus	x neglecta	Erythroblastos	1 Gal	ct	intense orng-salmon pnk spr lvs , sm tree, yel flw, orng fall
Aesculus	x neglecta	Erythroblastos	1 Gal - 2 Yr	ct	intense orng-salmon pnk spr lvs , sm tree, yel flw, orng fall
Akebia	quinata	Variegata	1 Gal	ct	twining vine, lvs varieg cream & yell, fragrant pink flw May, odd shaped edible fruit
Argyrocytisus	bittandieri	(species)	1 Gal - 6"	ct	siver gray compound lvs, rich yellow 6" pineapple scented flw late sp, evergreen in warm clim
Argyrocytisus	bittandieri	(species)	1 Gal	ct	siver gray compound lvs, rich yellow 6" pineapple scented flw late sp, evergreen in warm clim
Argyrocytisus	bittandieri	(species)	1 Gal - 2'	ct	siver gray compound lvs, rich yellow 6" pineapple scented flw late sp, evergreen in warm clim
Argyrocytisus	bittandieri	(species)	1 Gal - 3'	ct	siver gray compound lvs, rich yellow 6" pineapple scented flw late sp, evergreen in warm clim
Asimina	triloba	(species)	1 Gal - 2 Yr	ct	you know the one
Asimina	triloba	Convis	1 Gal	ct	very large fruit September to Oct, self pollinating, yellow flesh
Asimina	triloba	Davis	1 Gal	ct	fruit up to 12" long, 1/4 lb, green skin, yellow flesh, ripens in early oct., stores well
Asimina	triloba	Ford Amend	1 Gal	ct	slightly smaller than sunflower, green-yel skin, orange flesh, ripens in late sept in or
Asimina	triloba	Green River Belle	1 Gal	ct	Kentucky favorite for taste, not huge but firmer in texture
Asimina	triloba	Maria's Joy	1 Gal	ct	new Davis x Prolific cross, precocious, heavy yeild, big 8-14 oz fruit, very flavorful

Asimina	triloba	Mary Foos Johnson	1 Gal	ct	md sz (8 oz), yel skin, butter yel flesh, ripens 1st oct in mi.
Asimina	triloba	Prolific	1 Gal	ct	precocious & heavy producer, 1/2 lb. green w yellow flesh, ripens in early oct in mi
Asimina	triloba	Spilt Milk	1 Gal - 2 Yr	ct	outstanding rarity, leaves spotted w generous amt of white. takes a few seasons to really shine.
Asimina	triloba	Sunflower	1 Gal	ct	md sz (8 oz), yel skin, butter yel flesh, ripens 1st oct in mi.
Asimina	triloba	Sweet Alice	1 Gal	ct	heirloom, lg orange yellow, Sept & early Oct., heavy - compact habit
Asimina	triloba	Tollgate	1 Gal	ct	large (1 lb), yel flesh, ripens oct, ripens 1st oct in mi.
Berberis	jamesiana	(species)	1 Gal	ct	lg shrub, long thorns,sm yel flw in racemes, pendant clusters salmon-pink fruit,
Berberis	temolaica	(species)	1 Gal	ct	bluest foliage in genus, lvs powder blue w yellow flw april, red fruit, large arching shrub to 8'
Berberis	x stenophylla	Corallina Compacta	1 Gal	ct	dwarf evergreen to 12" x 12" - small lvs, orange flowers w coral fruit
Betula	nigra	Shiloh Splash	1 Gal - 1-2' L.S.	ct	brightly varigated white and gree, no burn, fast shrubby grower, with the typical borer free lineage
Betula	pendula	Golden Cloud	1 Gal - 2'	ct	butter yellow leaves all summer, white bark, full size tree
Betula	pendula	Golden Cloud	1 Gal - 3'	ct	butter yellow leaves all summer, white bark, full size tree
Betula	utilis	Long Trunk	1 Gal - 2 Yr 3'	ct	weeping form, md size leaves, bright white bark w age
Betula	utilis	Long Trunk	1 Gal - 2 Yr 3' Br.	ct	weeping form, md size leaves, bright white bark w age
Betula	utilis	Long Trunk	1 Gal - 2 Yr 4' Br.	ct	weeping form, md size leaves, bright white bark w age
Betula	x plettkei	Golden Treasure	1 Gal - 8-10" L.S.T.	ct	dwarf shrub to 4', small yellow lvs w salmon new growth, very hardy
Buxus	microphylla var. jap.	Morris Midget	1 Gal - 2 Yr	ct	dwarf, garden use easily under 12", unpruned 1-2.5' in 25 yrs, small md green lvs
Buxus	microphylla var. jap.	Morris Midget	1 Gal - 2 Yr 10 & up	ct	dwarf, garden use easily under 12", unpruned 1-2.5' in 25 yrs, small md green lvs
Buxus	sempervirens	Unraveled	1 Gal - 2 Yr	ct	weeping, spreader / mounding - rock garden & groundcover use
Calycanthus	floridus	Athens PP	1 Gal	ct	super fragrant, green-yellow flower april may, open multi shrub, yel fall
Calycanthus	floridus	Michael Lindsey	1 Gal	ct	dense compact, dark glossy lvs, drk rd fragrant flw
Calycanthus	raulstonii	Hartlage Wine	1 Gal	ct	drk wine rd flw, long bloom period, md shrub, rich yel fall
Carpinus	caroliniana	Draves Iron Cascade	1 Gal - 2 Yr 3'	ct	rare pendant form, upright leader when staked, side branches arching downward
Carpinus	japonica	Silver Lace - O root	1 Gal	ct	rare, lvs x-tra finely toothed, drk grn, dense twiggy habit
Carpinus	kawakamii	(species) - O root	1 Gal - L.S.	ct	rare Taiwan species, md sz, delicate habit, sm pointed lvs, brnz thn green, orng red fall, hop-like seed
Catalpa	bignonioides	Aurea	1 Gal - 2'	ct	lg broadly spreading tree, lg heart shaped lvs - rich yel, lg wh flw truss, purp throat
Catalpa	bignonioides	Variegata	1 Gal	ct	rare, lvs yel in sp, yel grn summ, dark grn center in spng, lg wh flw truss, purp throat
Catalpa	bignonioides	Variegata	1 Gal - 2'	ct	rare, lvs yel in sp, yel grn summ, dark grn center in spng, lg wh flw truss, purp throat
Catalpa	x erubescens	Purpurea	1 Gal - 3'	ct	lg shade & flowering tree, huge lvs, black-purp when young, then grn, massive wh panicle in late sprg
Cedrela	sinensis	Flamingo	1 Gal - 3'	ct	compound lvs brt salmon pink, fast, lg tree, 12" wh panicle in june
Cedrela	sinensis	Flamingo	2 Gal - 5'	ct	compound lvs brt salmon pink, fast, lg tree, 12" wh panicle in june
Cephalotaxus	harringtonia	Picadilly	1 Gal - L.S.	ct	still evaluating
Chamaecyparis	obtusa	Bridget	1 Gal	ct	dwarf, odd slender shoots w some fan shaped ends, cryptomeria-like, bright green, conjoined mound
Chamaecyparis	obtusa	Little John	1 Gal	ct	slow dwarf to 6', dense varied foliage, some cup downward, some more upright
Chamaecyparis	obtusa	Little John	1 Gal - 2 Yr	ct	slow dwarf to 6', dense varied foliage, some cup downward, some more upright

Chamaecyparis	obtusa	Night Light [™] PP 24666	3 Gal - L.S.	ct	new - rounded yellow foliage, dwarf to 4-5' tall and wide (in 5 years) - prized for full sun tolerance
Chamaecyparis	obtusa	Saffron Spray	Graft Pot - 2 Yr Liner	ct	dwarf and variegated, delicatley textured w flecks of yellow
Chamaecyparis	obtusa	Spirited	Graft Pot - 2 Yr Liner	ct	seedling of Cripsii,lacey foliage, rich yellow & takes full sun, dwarf pyramid
Chamaecyparis	obtusa	Spirited	1 Gal - L.S.	ct	seedling of Cripsii,lacey foliage, rich yellow & takes full sun, dwarf pyramid
Chamaecyparis	obtusa	Thowell	Graft Pot - 2 Yr Liner	ct	slower but not super dwarf, dark green, noteably slim in outline but not columnar.
Chamaecyparis	obtusa	Torulosa Nana	1 Gal	ct	dwarf, broadly pyramidal, green leaves and branches contorted, fasciated and just odd
Chamaecyparis	obtusa	Tsatsumi	1 Gal	ct	slow, dwarf mound, branchlets & some leaves twisted, curled & contorted, bright green
Chimonanthus	praecox	(species)	1 Gal - 6"	ct	lg shrub, massing candidate, winter bloom, extra fragrant, yellow bell shape w purp center
Chionanthus	pygmaeus	(species)	2 Gal - 2 Yr L.S.	ct	rare even in its native habitat, not dwarf, but 30% smaller thn virginicus, hvy bloomer
Chionanthus	retusus	(species)	1 Gal - 2 Yr	ct	all the finge-like flowers as our native, but with semi-exfoliating mahogany bark
Chionanthus	virginicus	(species)	1 Gal	ct	you know the one
Chionanthus	virginicus	Amanda Shine (Limit 1)	1 Gal	ct	rare yellow variegated form, still evenuating
Chionanthus	virginicus	Daruma	1 Gal	ct	obscure one, still evaluating, slower than species, somewhat horizontal & semi pendant
Chionanthus	virginicus	Emerald Knight	1 Gal	ct	improved flower production, more tree-like, larger darker green lvs, male
Chionanthus	virginicus	Little Leslie	1 Gal	ct	very rare, super dwarf with extreme flower profusity covering the tree.
Clerodendrum	trichotomum	Carnival	1 Gal - Multi	ct	variegated yell & grn, fragrant wh late summer flw, showy blue & red fruit
Clerodendrum	trichotomum	Carnival	1 Gal - Staked	ct	variegated yell & grn, fragrant wh late summer flw, showy blue & red fruit
Clerodendrum	trichotomum	Golden Glory	1 Gal - 8-10" L.S.T.	ct	variegated yell & grn, fragrant wh late summer flw, showy blue & red fruit
Clethra	barbinervis	Takeda Nishiki	1 Gal - 8-12" 1+1 TP	ct	sm tree / lg shrub, lvs splashed / mottled white, pink, light & drk grn, fragrant wh flw late summ, exf bark
Clethra	barbinervis	Takeda Nishiki	1 Gal - 1-2' 1+1 TP	ct	sm tree / lg shrub, lvs splashed / mottled white, pink, light & drk grn, fragrant wh flw late summ, exf bark
Cornus	alternifolia	Argentea	1 Gal (1+1 TP)	ct	sm tree w outstanding green & white variegation, intricate branching & sm lvs, white cymes May / June
Cornus	alternifolia	Janine	1 Gal	ct	Handy originate, fast, two tones of green lvs w light yellow edge, wh flw
Cornus	alternifolia	Lemon Edge	1 Gal	ct	Handy intro, fast, light green lvs w light yellow edge, wh flw
Cornus	alternifolia	Lemon Edge	5 Gal	ct	Handy intro, fast, light green lvs w light yellow edge, wh flw
Cornus	capitata	Mt. Moon	1 Gal - 2'	ct	evergreen, fast, dark green leaves, large cream white flw, red fruit, z8
Cornus	capitata	Mt. Moon	1 Gal - 3'	ct	evergreen, fast, dark green leaves, large cream white flw, red fruit, z8
Cornus	controversa	Variegata	1 Gal	ct	wedding cake tree, tiered horiz. branching, outstanding grn & wh variegation, white cymes - May / June
Cornus	elliptica	Summer Splash	3 Gal - 3 Yr 4'	ct	new, varieg. evergreen, new lvs rose red, green edged yell & cream, round & compact, sm wh flw
Cornus	elliptica	Summer Splash	3 Gal - 3 Yr 5'	ct	new, varieg. evergreen, new lvs rose red, green edged yell & cream, round & compact, sm wh flw
Cornus	elliptica	Summer Splash	6 Gal - 3 Yr 4'	ct	new, varieg. evergreen, new lvs rose red, green edged yell & cream, round & compact, sm wh flw
Cornus	florida	Eternal [™] PP 13071	1 Gal	ct	triple, up to 20 bracts, white, precocious, long bloom period
Cornus	florida	Ken Wood's Hardy	1 Gal - L.S.	ct	Central MN hardy, parent has seen no damage in the worst of weather there, white flw, typical habit
Cornus	florida	Salicifolia	1 Gal	ct	quite rare old form w narrow willow-like leaves, no info on flower, slow and spreading
Cornus	florida	subsp. urbiniana (Pringlei)	1 Gal	ct	wh bracts fused - lantern shape, southern form - heat resist
Cornus	florida	subsp. urbiniana (Pringlei)	1 Gal - 2'	ct	wh bracts fused - lantern shape, southern form - heat resist

Cornus	florida	s. urbiniana Gables Glory	1 Gal	ct	new, yellow leaf form of the famed lantern flower dogwood, habit typical
Cornus	florida x capitata	Porlock (seedling)	1 Gal - 2'	ct	hybrid vigor, semi evergreen in warm zones, lg wh flw reliably turns rich pink
Cornus	florida x capitata	Porlock (seedling)	1 Gal - 3'	ct	hybrid vigor, semi evergreen in warm zones, lg wh flw reliably turns rich pink
Cornus	florida x kousa	Celestial Shadow	1 Gal - L.S.	ct	varieg hybrid, yellow & green, fully anthracnose free, white flower , seedless
Cornus	kousa	Cream Puff	1 Gal - 2 Yr	ct	shrub like semi-dwf, spreading, wh flw, sm lvs, brick red fall
Cornus	kousa	Beni Fuji	1 Gal	ct	true korean dogwood, small twiggy tree, smaller leaves & flw thn species, profuse red-pink flower
Cornus	kousa	Beni Fuji	1 Gal - 2'	ct	true korean dogwood, small twiggy tree, smaller leaves & flw thn species, profuse red-pink flower
Cornus	kousa	China Curl	1 Gal	ct	odd ball leaf type, tiny linear curled leaves, dwarf, dense & twiggy, tiny wh flower
Cornus	kousa	White Dusted	1 Gal	ct	small spreading tree, sm leaves speckled & segmented, dark & lt grn, cream & white, sm wh. Flower
Cornus	kousa var. chin.	Aiden's Mint Frost	3 Gal - 7' Br.	ct	new hnc intro, lvs lt. yel w drk grn veins, lt wh-grn summ, pnk fall
Cornus	kousa var. chin.	Aiden's Mint Frost	3 Gal - 8' Light	ct	new hnc intro, lvs lt. yel w drk grn veins, lt wh-grn summ, pnk fall
Cornus	kousa var. chin.	Aiden's Mint Frost	5 Gal - 8' Br.	ct	new hnc intro, lvs lt. yel w drk grn veins, lt wh-grn summ, pnk fall
Cornus	kousa var. chin.	Akatsuki	1 Gal	ct	still uncommon, vareig Satomi, pink flw, lvs gr, wh, hints of pnk
Cornus	kousa var. chin.	Angela Palmer	1 Gal - 2 Yr	ct	leaves centered lt. & dark gren, w wide cream edge, white flw, slow growing
Cornus	kousa var. chin.	Autumn Rose	1 Gal	ct	1st HNC selction, sm tree, light grn / cream lvs w drk grn veins, cream flw, rich pink fall
Cornus	kousa var. chin.	Girards Nana	1 Gal	ct	dwf, 1/4 size of species, new lvs purp, hvy fruiter & bloom set
Cornus	kousa var. chin.	Gold Cup	1 Gal	ct	open speading tree, dark green leaves w braod bright yellow center, wh flower
Cornus	kousa var. chin.	Kristen Lipka's Varieg.	1 Gal	ct	weeping, variegated green with white edge, white flower
Cornus	kousa var. chin.	Laura	1 Gal - 2 Yr	ct	leaves centered lt. & dark gren, w wide cream edge, white flw, slow growing
Cornus	kousa var. chin.	Limon Ripple	1 Gal - L.S.	ct	rare, green center with wavy yellow edge, white flw
Cornus	kousa var. chin.	Limon Ripple	1 Gal	ct	rare, green center with wavy yellow edge, white flw
Cornus	kousa var. chin.	Little Poncho	1 Gal	ct	dwarf to semi dwarf upright, heavy bloom set, bracts lime, then white, then lt pink. dark burgundy fall.
Cornus	kousa var. chin.	Pams Mountain Bouquet PPAF	1 Gal - L.S.	ct	new form w high % of fused wh bracts, some cupped, some almost sq
Cornus	kousa var. chin.	Pams Mountain Bouquet PPAF	1 Gal	ct	new form w high % of fused wh bracts, some cupped, some almost sq
Cornus	kousa var. chin.	Snow Tower	1 Gal - 3'	ct	handy intro, fast, narrow upright, lg wh flw, blooms young
Cornus	kousa var. chin.	Summer Fun	1 Gal - 4' & 5'	ct	larger grn & pure white lvs, white flower, fast grower
Cornus	kousa var. chin.	Summer Fun	5 Gal	ct	larger grn & pure white lvs, white flower, fast grower
Cornus	kousa var. chin.	Summer Stars	1 Gal - L.S.	ct	selected for bloom retention later in to the season, moderate grower, md sz lvs & flw., typical habit
Cornus	kousa var. chin.	Sunsplash	1 Gal	ct	first hnc intro - very slow growing variegated, lvs edged w bright yellow
Cornus	kousa var. chin.	Weaver's Weeping	1 Gal	ct	elegant weeping tree, reliable bloomer w white flow most years turning pink atowads the last wk
Cornus	nuttallii	Colrego Giant	1 Gal - 3'	ct	similar to species in size and structure, larger white flower, up to 8" wide
Cornus	nuttallii	Gold Spot	1 Gal - 2'	ct	smaller stature than the species, leaves spotted yellow, white flower, reblooms in fall
Cornus	wilsoniana	White Jade (limit 2)	1 Gal - 8-12" L.S.T.	ct	rivals the best for flaking bark - grey & white. flw is a white terminal panicle or cyme, sm multi tree
Corylopsis	spicata	Golden Spring aka Ogon	1 Gal	ct	rich yel lvs, spreading shrub, yel flw lt winter, best in shade
Crataegus	monogyna	Compacta	1 Gal	ct	dwarf, thornless, thickly branched w white flower clusters, red berries

Cryptomeria	japonica	Winter Mint	1 Gal	ct	little or no change in green winter color in Central OH, super hardy for that zone, typical habit
Cunninghamia	lanceolata	Freeze Free	1 Gal - 2 Yr	ct	proven improved hardiness, 2 gallon were tested above ground in central OH, zero winter damage
Daphne	odora	Mae Jima	1 Gal	ct	evergreen, semi-dwf to 3' in 10 yrs, lvs grn w wd yellow margin, spng flw & fragrant, part shade
Daphne	odora	Zuiko Nishiki	1 Gal	ct	evergreen, pink flw, fragrant winter blooming, Jan.- Apr. Zn 7a
Daphne	x	Rossettii	1 Gal - LowFat	ct	small dark grn lvs on a dense dwarf mound, small white flw are green, w pink hints
Daphne	x	Rossettii	1 Gal	ct	small dark grn lvs on a dense dwarf mound, small white flw are green, w pink hints
Davidia	involucrata	Lady Sunshine	1 Gal - Usz	ct	vareigated, lvs centered green w wd yel-white band
Davidia	involucrata	Lady Sunshine	1 Gal	ct	vareigated, lvs centered green w wd yel-white band
Davidia	involucrata	Sonoma	1 Gal - 2 Yr	ct	huge blooms 3x species size,appear on very young plants, species can take 10 yrs plus
Davidia	involucrata	Sonoma	1 Gal - 2 Yr 2'	ct	huge blooms 3x species size,appear on very young plants, species can take 10 yrs plus
Davidia	involucrata	Variegata NCSU	1 Gal - 2 Yr	ct	old variegated form, lvs splashed & streaked yel & lt green, seems full sun tolerant
Diospyros	kaki	Pendula	1 Gal	ct	very pendulous, stake to ht, pink-orgn fruit on young plants
Disanthus	cercidifolius	(species)	1 Gal - 2 Yr	ct	multi stem tree, heart shaped lvs, fall color - every color & hue imaginable - all at once, shade
Disanthus	cercidifolius	Ena Nishiki	1 Gal - Light	ct	lt. green lvs edged white - otherwise same as species, rare
Disanthus	cercidifolius	Edna Mae (Limit 2)	1 Gal - 2 Yr	ct	very new - leaves emerge light yellow, then sage-mint, slow & shade loving
Disanthus	cercidifolius	Edna Mae (Limit 1)	5 Gal - 4 Yr	ct	very new - leaves emerge light yellow, then sage-mint, slow & shade loving
Disanthus	japonicum	Hawkesridge Form	1 Gal	ct	similar to species,faster, more open growing, best known for heat tolerance
Disanthus	ovatifolius	(species)	1 Gal	ct	blue-grn slightly elongated lvs, takes sun, shrub to 10', kaleidoscope fall color, sm purp flw in fall
Disanthus	ovatifolius	(species)	1 Gal - 2 Yr 2' - multi	ct	blue-grn slightly elongated lvs, takes sun, shrub to 10', kaleidoscope fall color, sm purp flw in fall
Disanthus	ovatifolius	(species)	1 Gal - 2 Yr 2' - Tree	ct	blue-grn slightly elongated lvs, takes sun, shrub to 10', kaleidoscope fall color, sm purp flw in fall
Disanthus	ovatifolius	(species)	1 Gal - 2 Yr 3' - Tree	ct	blue-grn slightly elongated lvs, takes sun, shrub to 10', kaleidoscope fall color, sm purp flw in fall
Drimys	lanceolata	Suzette	1 Gal - Liner	ct	evergreen to 6', narrow leaves splashed & streaked yellow, red stems, part shade, Z8
Eleagnus	x	Quicksilver	1 Gal	ct	md sz shrub, silver grey lvs, new pink-purp,sm soft yel flw, fragrant, salt tolerant
Embothrium	coccineum	(species)	Tube Liner	ct	Chilean - florescent red tubular flw, slender tree to 20' - no phosphorous fertilizer
Enkianthus	campanulatus	Bovees Dark Red Stripe	1 Gal - 2 Yr	ct	darker red stripe line, and towards bottom, w prominent contrasting lighter pink in the flesh
Enkianthus	campanulatus	Howito Red	1 Gal - 2 Yr	ct	pink red, lighter towards the top, darker striping and towards base
Enkianthus	campanulatus	Miyamabeni	1 Gal	ct	recent intro, solid red flw, fastest we have seen, rd-purp fall
Enkianthus	campanulatus	Miyamabeni	3 Gal - L.S.Tree Form	ct	recent intro, solid red flw, fastest we have seen, rd-purp fall
Enkianthus	campanulatus	Showy Lantern	1 Gal - 2 Yr	ct	dark pink, w red striping, lighter at the base, decent growth rate, red orange fall
Enkianthus	campanulatus	Very Red	1 Gal Sh. - 2 Yr	ct	clusters sm dark red flw, dense & dwf, very rare
Enkianthus	campanulatus	White (Ishi Select)	1 Gal - 2 Yr 2'	ct	white form from ishi nurseries in japan, decent in growth rate & flw production
Enkianthus	campanulatus	White (Ishi Select)	1 Gal - 2 Yr - 3' Single	ct	white form from ishi nurseries in japan, decent in growth rate & flw production
Enkianthus	campanulatus	White (Ishi Select)	3 Gal - 30-36"	ct	new white form from ishi nurseries in japan, decent in growth rate & flw production
Enkianthus	campanulatus	White (Ishi Select)	3 Gal - 4'	ct	new white form from ishi nurseries in japan, decent in growth rate & flw production
Eucryphia	glutinosa	(species)	1 Gal - 6-10"	ct	upright, lg shrub or sm tree, semi evergreen, Stewartia-like flower in fall

Eucryphia	glutinosa	(species)	1 Gal	ct	upright, lg shrub or sm tree, semi evergreen, Stewartia-like flower in fall
Fagus	grandifolia	White Lightning	1 Gal - L.S.	ct	rare weeping form or American beech
Fagus	grandifolia	White Lightning	1 Gal - 2 Yr	ct	rare weeping form or American beech
Fagus	sylvatica	Ansorgei	1 Gal	ct	rare slow growing linear leaf form, very narrow purle leaves
Fagus	sylvatica	Aurea Pendula	1 Gal	ct	yellow leaf weeper, strong central leader, all side branched pendant, narrow outline, broadens w age
Fagus	sylvatica	Copper Column	1 Gal - 2 Yr 2'	ct	new, reliable columnar, typical lvs w rich gold orang fall
Fagus	sylvatica	Copper Column	1 Gal - 2 Yr 2' -10 & up	ct	new, reliable columnar, typical lvs w rich gold orang fall
Fagus	sylvatica	Copper Column	7-8'	bb	new, reliable columnar, typical lvs w rich gold orang fall
Fagus	sylvatica	Copper Column	1.25"	bb	new, reliable columnar, typical lvs w rich gold orang fall
Fagus	sylvatica	Dawyckii Purple	1 Gal	ct	dark purple leaf columnar, fast and reliably narrow
Fagus	sylvatica	Felderbach	10 Gal - 5 Yr 5'	ct	hard to find as a hens tooth, narrow dwf upright, tiny grn lvs
Fagus	sylvatica	Felderbach	15 Gal - 5 Yr 1.75"	ct	hard to find as a hens tooth, narrow dwf upright, tiny grn lvs
Fagus	sylvatica	Lathe's Dwarf	1 Gal - 2 Yr	ct	very rare new dwarf, small (but not tiny) grn lvs. dense upright, 10% the sz of species
Fagus	sylvatica	Mercedes	1 Gal	ct	super dwarf, green linear leaf, dense shrubby grower
Fagus	sylvatica	Purple Fountain	1 Gal	ct	purple leaf weeper, strong central leader, all side branched pendant, narrow outline, broadens w age
Fagus	sylvatica	Purpurea Nana	1 Gal	ct	rare, slow, strongly weeping, dark red purp notched lvs
Fagus	sylvatica	Rohan Red Weeping	1 Gal - 6"	ct	rare, slow, strongly weeping, dark red purp notched lvs
Fagus	sylvatica	Rohan Red Weeping	1 Gal	ct	rare, slow, strongly weeping, dark red purp notched lvs
Fagus	sylvatica	Torulosa Purpurea	1 Gal - 4-7"	ct	purple purple form with undulating horizontal habit, leave room, will self layer top over time
Fagus	sylvatica	Torulosa Purpurea	1 Gal - 6-10"	ct	purple purple form with undulating horizontal habit, leave room, will self layer top over time
Fatsia	japonica	Camouflage	1 Gal	ct	evergreen, tropical foliag, irregular patches of cream, light & dark grn, sm white flw in fall
Fatsia	japonica	Spider Web	Graft Pot - 2 Yr Liner	ct	evergreen, tropical foliag w white splashing, speckling and edging, sm white flw in fall
Fatsia	japonica	Spider Web	1 Gal	ct	evergreen, tropical foliag w white splashing, speckling and edging, sm white flw in fall
Fothergilla	gardenii	Epstein	1 Gal	ct	cute dwarf, rare spreading groundcover type, small lvs, multi colored fall
Fothergilla	intermedia	Blue Shadow	1 Gal	ct	handy selection, blue leaf, white fragrant flowers, red fall color
Fothergilla	intermedia	Blue Shadow	1 Gal - 2 Yr	ct	handy selection, blue leaf, white fragrant flowers, red fall color
Franklinia	alatomaha	(species)	1 Gal	ct	camellia like flower, very late summ, rich red in fall, sm tree
Franklinia	alatomaha	(species)	1 Gal - 2 Yr 3'	ct	camellia like flower, very late summ, rich red in fall, sm tree
Fraxinus	excelsior	Crispa	1 Gal - 7-10"	ct	fanatical dwf upright, closely attached crimped drk gr lvs
Fraxinus	pennsylvanica	Variegata	1 Gal	ct	very rare, green & white leaves, open spreading, md sz. tree
Ginkgo	biloba	Anny's Dwarf	1 Gal	ct	semi dwarf, upright oval, sm lvs, uniform branching when young
Ginkgo	biloba	Anny's Dwarf	1 Gal - 2 Yr	ct	semi dwarf, upright oval, sm lvs, uniform branching when young
Ginkgo	biloba	Anny's Zebra	1 Gal	ct	unusual lvs w multiple rounded lobes, subtle striping grn & lt grn
Ginkgo	biloba	Barabit's Nana	1 Gal - L.S.	ct	slow, dwarf, reasonably compact upright, unlike most dwarfs the leaves are large
Ginkgo	biloba	Beijing Gold	1 Gal - 2'	ct	spring lvs yel, terminal lvs striped white, dwf shrub / tree

Ginkgo	biloba	Buchholz Variegated	1 Gal - L.S.	ct	initial flush green, then a broad yel variegation, reliable
Ginkgo	biloba	Buchholz Variegated	1 Gal - 2 Yr	ct	initial flush green, then a broad yel variegation, reliable
Ginkgo	biloba	Buddy	1 Gal	ct	dwarf / sm stature compact, lvs large & some gently cupped
Ginkgo	biloba	Ding A Ling	1 Gal - 6" L.S.	ct	main trunk with odd hanging protuberances 2-3" wd & 2' long
Ginkgo	biloba	Ding A Ling	1 Gal - L.S.	ct	main trunk with odd hanging protuberances 2-3" wd & 2' long
Ginkgo	biloba	Ding A Ling	1 Gal - 2 Yr 3'	ct	main trunk with odd hanging protuberances 2-3" wd & 2' long
Ginkgo	biloba	Emperor Of Dongting	1 Gal - L.S.	ct	selected for precocious & heavy fruit production, male polinator recommended to increase yield
Ginkgo	biloba	Fan Dancer	1 Gal - L.S.	ct	very new, strong yellow variegation, 1 of the more stable, origin is from a horizontal type
Ginkgo	biloba	Fan Dancer	1 Gal - 2 Yr	ct	very new, strong yellow variegation, 1 of the more stable, origin is from a horizontal type
Ginkgo	biloba	Fan Dancer	1 Gal - 2 Yr 2'	ct	very new, strong yellow variegation, 1 of the more stable, origin is from a horizontal type
Ginkgo	biloba	Folkert's Select	1 Gal - 2 Yr - Multi	ct	semi dwf, sm lvs, not congested, well balanced branching
Ginkgo	biloba	Folkert's Select	2 Gal - 2 Yr 2-3' Br L.S.	ct	semi dwf, sm lvs, not congested, well balanced branching
Ginkgo	biloba	Gnome	1 Gal - 8"	ct	dwarf male, dense and upright, taller thn wd outline, if staked - narrow pyramid
Ginkgo	biloba	Gokusho Ba	1 Gal	ct	dwarf upright, small cupped lvs, dark green, 5-6' in 10 Yrs
Ginkgo	biloba	Green Pagoda	1 Gal	ct	small single leader tree, very dese branching at 60°, uniform pyramid outline, fruitless
Ginkgo	biloba	Horizontalis Nana	1 Gal - 2 Yr L.S.	ct	spreading but not particularly pendant, slower & smaller than Horizontalis
Ginkgo	biloba	Jaded Jester	1 Gal - 2 Yr	ct	variegated yellow & dark grn w finely ruffled margin
Ginkgo	biloba	Jagged Jade	1 Gal - 2 Yr	ct	variant of jade butterflies, lvs dark grn w finely ruffled margin
Ginkgo	biloba	Joes Great Ray	1 Gal - L.S.	ct	varying degrees of yellow & cream on all lvs, some all yellow, some banded or sectioned.
Ginkgo	biloba	Majestic Butterfly	1 Gal	ct	leaves streaked yellow, cream green, seedless, variant of Jade Butterflies
Ginkgo	biloba	Mariken	Graft Pot	ct	slow growing dwf, lvs 2/3 sz normal, consistent dense globe
Ginkgo	biloba	Mariken	1 Gal	ct	slow growing dwf, lvs 2/3 sz normal, consistent dense globe
Ginkgo	biloba	Mighty Munchkin	1 Gal	ct	variant of munchkin, typical nickel size leaves, fast single leader & short slender upright branches
Ginkgo	biloba	Misa Ishi	1 Gal	ct	new, dwf, excellent brancher, sm to md siz, leaves w bluish cast, dominant leader
Ginkgo	biloba	Munchkin	1 Gal - L.S.	ct	dwarf, dense and twiggy, smallest leaf of all forms
Ginkgo	biloba	Munchkinot	1 Gal - L.S	ct	upright semi-dwf, small, but not tiny, dark green leaves, slow - similar to Chase Manhattan
Ginkgo	biloba	Parkwood	1 Gal	ct	New, gernerous amount of white variegation, most deeply split, seedling of Joes Great Ray
Ginkgo	biloba	Pastel Protégé	1 Gal	ct	HNC originate - sport of Anny's Dwarf - lvs gray-green w light sporatic varieg
Ginkgo	biloba	Peve Maribo (limit 3)	1 Gal	ct	variegated variant of Mariken, slow, dense, bright yellow splashing, low spreading mound
Ginkgo	biloba	Rocky	1 Gal - 1-2' L.S	ct	sm stature, not dwarf, irregular upright & spreading, lvs w yell striping, summer edged yell
Ginkgo	biloba	Rocky	1 Gal - 2 Yr	ct	sm stature, not dwarf, irregular upright & spreading, lvs w yell striping, summer edged yell
Ginkgo	biloba	Rocky	3 Gal - 3' Br	ct	sm stature, not dwarf, irregular upright & spreading, lvs w yell striping, summer edged yell
Ginkgo	biloba	Rocky	3 Gal - 4' Br	ct	sm stature, not dwarf, irregular upright & spreading, lvs w yell striping, summer edged yell
Ginkgo	biloba	Rocky	3 Gal - 5' Br	ct	sm stature, not dwarf, irregular upright & spreading, lvs w yell striping, summer edged yell
Ginkgo	biloba	Sari	1 Gal - 2 Yr	ct	new - best dwarf, dense slow rounded

Ginkgo	biloba	Snowcloud	1 Gal	ct	new, varieg, lvs striped / streaked cream & lt grn, edged wh
Ginkgo	biloba	Sunstream	1 Gal	ct	HNC selection, full sz tree, broad stripes of cream-yellow, drk grn and lt green
Ginkgo	biloba	Sunstream	1 Gal - 2'	ct	HNC selection, full sz tree, broad stripes of cream-yellow, drk grn and lt green
Ginkgo	biloba	Sunstream	1 Gal - 3'	ct	HNC selection, full sz tree, broad stripes of cream-yellow, drk grn and lt green
Ginkgo	biloba	T J's Weeping	1 Gal - 2 Yr 1-2' L.S	ct	new release, still evaluating, all older plants w pendant top & side branches
Ginkgo	biloba	T J's Weeping	1 Gal - 2 Yr 3'	ct	new release, still evaluating, all older plants w pendant top & side branches
Ginkgo	biloba	Troll	1 Gal - L.S	ct	very fine dwarf, lvs in dense irregular clumps, stays small
Ginkgo	biloba	Unnamed Stupka Broom	1 Gal - 2 Yr	ct	undiscovered until recently, dense dwarf with twisted, linear leaves
Ginkgo	biloba	Weeping Wonder	1 Gal	ct	bizarre - lvs normal, rolled , twisted & string like, semi wpg
Ginkgo	biloba	Weeping Wonder	1 Gal - 2 Yr	ct	bizarre - lvs normal, rolled , twisted & string like, semi wpg
Gleditsia	tricanthos	Pin Cushion	1 Gal	ct	unusually feathered, stunted & densely attached non-honeylocust leaves, irregularly upright
Gleditsia	tricanthos	Pin Cushion	1 Gal - 2'	ct	unusually feathered, stunted & densely attached non-honeylocust leaves, irregularly upright
Halesia	tetraptera	Silver Splash	1 Gal	ct	variegated, splashed lt & dark grn, white & cream, white bell-like flower
Halesia	tetraptera	Silver Splash	1 Gal - 2'	ct	variegated, splashed lt & dark grn, white & cream, white bell-like flower
Halesia	tetraptera	Silver Splash	1 Gal - 3'	ct	variegated, splashed lt & dark grn, white & cream, white bell-like flower
Hamamelis	japonica	Tsukubana-kurenai	2 Gal	ct	large purp-red / pink-red flw mid to late winter, profuse ht 8', wd 8' (aka Shibamichi Red)
Hamamelis	japonica	Tsukubana-kurenai	10 Gal	ct	large purp-red / pink-red flw mid to late winter, profuse ht 8', wd 8' (aka Shibamichi Red)
Hydrangea	aspera	Burgundy Bliss	1 Gal	ct	lg lvs rich purp under, top grn-purp, lg purp lacecap, lg shrub
Hydrangea	serrata	Kokonoe Yama	1 Gal	ct	variegated, delicate lacecap, lvs mottled, white, yellow and dark green
Hydrangea	quercifolia	Little Honey PP 15,474	1 Gal	ct	dwarf oakleaf, rich yellow leaves, dark red fall color
Hydrangea	quercifolia	Little Honey PP 15,474	3 Gal - Tree Form 3'	ct	dwarf oakleaf, rich yellow leaves, dark red fall color
Hydrangea	serrata	O Amacha Nishiki	1 Gal	ct	lvs uniformly marbled yell & lt grn, w cream, lacecap wh with pnk
Hydrangea	quercifolia	Snowflake	35 Gal - 5 Yr	ct	double flw, extra large panicles usually held erect, burg fall
Hydrangea	aspera	ssp. strigosa	Tube Liner 2 Yr	ct	lg shrub to 10', long narrow lvs to 10", not lacecap, flat corymb, cream-white, fr lt summ to autumn
Hydrangea	aspera	ssp. strigosa	1 Gal - 2 Yr	ct	lg shrub to 10', long narrow lvs to 10", not lacecap, flat corymb, cream-white, fr lt summ to autumn
Hydrangea	paniculata	Yuki Gessho	1 Gal	ct	varieg w splashes of wh, cream, yel, drk & lt gr, wh flw
Ilex	serrata	Koshobai	Graft Pot Jumbo - 2 Yr	ct	used in bonsai, deciduous dwff, sm slender lvs, hvy amt miniscule red fruit in winter, self fruiting
Ilex	x	Rock Garden	1 Gal Short	ct	low & slow spreading dwarf, female, dark green lvs 1' x 1' in ladsap
Illicium	floridanum	Woodlanders Variegated	1 Gal	ct	md sz evergreen, drk grn elongated lvs w irreg yellow center, maroon purp flw
Jasminum	officinale	Melissa	1 Gal	ct	super fragrant vine, bright yellow leaves, white flw late spring
Juniperus	chinensis	Shimpaku Gold	1 Gal - 8-10"	ct	rare, rich golden foliage on this popular bonsai species, slow and plenty tough
Larix	decidua	Pendula (Select)	1 Gal - L.S.	ct	selected (unnamed) for growth rate, richn grn foliage & strictly weeping form, stake to desired ht
Larix	kaempferi	Blue Ball	1 Gal - 6"	ct	tidy dwarf, flat topped bun, blue-grn lvs turn, yellow fall
Larix	kaempferi	Blue Ball	1 Gal	ct	tidy dwarf, flat topped bun, blue-grn lvs turn, yellow fall
Larix	kaempferi	Paper Lanterns	1 Gal	ct	upright, narrow, profusion of small cones on older plants

Larix	kaempferi	Peve Tunnis	1 Gal	ct	thick intricate network of flat layered branches, 12" tall x 20" wide in 10 years
Lespedeza	thunbergii	Spilt Milk	1 Gal	ct	rare, grn & wh lvs, md sz shrub, violet pnk panicles late sum
Liquidambar	styraciflua	Oconee	1 Gal - L.S.	ct	uniform dwf globe, dense & well balanced, purp-red fall
Liriodendron	tulipifera	(species)	3 Gal	ct	you know the one
Liriodendron	tulipifera	Aureomarginatum	1 Gal - 3'	ct	fast, tough, lg sh tree, yel grn flw w orng ctr, tulip shape leaf w bright yellow center
Liriodendron	tulipifera	Aureomarginatum	1 Gal - 4'	ct	fast, tough, lg sh tree, yel grn flw w orng ctr, tulip shape leaf w bright yellow center
Liriodendron	tulipifera	Aureomarginatum	2 Gal - 2'	ct	fast, tough, lg sh tree, yel grn flw w orng ctr, tulip shape leaf w bright yellow center
Liriodendron	tulipifera	Snowbird	1 Gal - 2'	ct	brand new, wide yellow band similar to Aureovariegata but does not fade, smaller tree
Magnolia	acuminata	Ellen	1 Gal	ct	lvs splattered w dark grn, lt grn, brt yell & cream - flw yell
Magnolia	hypoleuca	(species)	1 Gal	ct	Japanese species, huge tree, huge 18" lvs, cream white 6" wide flw June, fragrant
Magnolia	liliflora	Mini Mouse	1 Gal - 2'	ct	rare dwarf, slow, shrubby, dense & spreading over time, pink flw similar but smaller
Magnolia	macrophylla v, ashei	(species)	1 Gal	ct	huge lvs to 2', 10-12" bright white saucer shape flw, fragrant, early & precocious, tree to 25'
Magnolia	macrophylla v, ashei	(species)	1 Gal - 10 & up	ct	huge lvs to 2', 10-12" bright white saucer shape flw, fragrant, early and precocious, tree to 25'
Magnolia	x	Black Tulips (Jurmagi)	1 Gal	ct	M. soulangiana hybrid, very dark 6" wide red-burgundy, before lvs, 20' ht x 12' wd
Magnolia	x	Columnar Pink	1 Gal	ct	distinctly upright, eventual width unknown, rich pink flw held upright, before the lvs
Magnolia	x	Fancy Dude	1 Gal - 2'	ct	new variegated, dark grn center w wide yellow band, flw pink-purp outside, white w pink hints inside
Magnolia	x	Fancy Dude (limit 1)	1 Gal	ct	new variegated, dark grn center w wide yellow band, flw pink-purp outside, white w pink hints inside
Magnolia	x	Flamingo	1 Gal	ct	Phil Savage MI cross, super hardy, rich pink before the leaves
Magnolia	x	Flamingo	1 Gal - 2'	ct	Phil Savage MI cross, super hardy, rich pink before the leaves
Magnolia	x	Genie pp 20,748	1 Gal	ct	dwf / semi dwf tree, precocious, dark red-purp, re-bloomer
Magnolia	x	Little Sue	1 Gal	ct	semi dwf sm tree, broom of susan, ongoing / repeat purp flw.
Magnolia	x	Susprite	1 Gal	ct	arguably the best shaped narrow form, slow and semi dwarf
Magnolia	x loebneri	Wildcat	1 Gal	ct	fragrant double white w 50 + tepals on a 3-4" wd flw., later than M. stellata, lasting up to 5 wks,
Magnolia	x loebneri	Wildcat	1 Gal - 2 Yr 4'	ct	fragrant double white w 50 + tepals on a 3-4" wd flw., later than M. stellata, lasting up to 5 wks,
Metasequoia	glyptostroboides	Bonsai	1 Gal	ct	dwarf, blue green lvs, lateral branching w pendant branch ends
Metasequoia	glyptostroboides	Daweswood Tawny Fleece	1 Gal	ct	dense, rounded or small tree, feathered leaves are bright green then bronze-green
Metasequoia	glyptostroboides	Daweswood Tawny Fleece	5 Gal - 3' Hi Gft - 3 Yr	ct	dense, rounded or small tree, feathered leaves are bright green then bronze-green
Metasequoia	glyptostroboides	Gold Rush	1 Gal - 2'	ct	staple of yellow b. cypress, rich gold-yel lvs, fast upright
Metasequoia	glyptostroboides	Miss Grace	1 Gal	ct	delicate gray green foliage, weeping, narrow profile if staked up
Metasequoia	glyptostroboides	North Light	1 Gal	ct	dwarf with cream white lvs, mounding to squat pyramid
Metasequoia	glyptostroboides	Self Prune	1 Gal	ct	pendant - not severely, slower - not dwf, branch tips self prune, makes a stunted & thick construct
Metasequoia	glyptostroboides	Soul Fire PPAF	1 Gal - 2'	ct	lime green w rose-orange spring, summer chartreuse, fall orange - ok full sun
Metasequoia	glyptostroboides	Soul Fire PPAF	1 Gal - 3' & up	ct	lime green w rose-orange spring, summer chartreuse, fall orange - ok full sun
Metasequoia	glyptostroboides	Urban Spire PPAF	1 Gal - 2'	ct	very new, columnar, predicting 8-11' wide, bright green lvs
Metasequoia	glyptostroboides	Urban Spire PPAF	1 Gal - 3' & up	ct	very new, columnar, predicting 8-11' wide, bright green lvs

Microbiota	decussta	Carnival	1 Gal	ct	yellow varieg, turns purple & red-orng in winter, tough, drought tolerant - plant in rocky site
Morus	alba	Nana - O. Root	1 Gal	ct	very rare dwf, globe or squatty pyramid, very small leaves, likely non-fruiting, bonsai candidate
Nyssa	sylvatica	Zydeco Twist	1 Gal	ct	contorted branches, low mounding, typical fall color
Nyssa	sylvatica	Sheri's Cloud	1 Gal - 2'	ct	lvs green with white band, no burn in OR, typical habit, pink & red orange fall.
Nyssa	sylvatica	Sheri's Cloud	1 Gal - 3'	ct	lvs green with white band, no burn in OR, typical habit, pink & red orange fall.
Osmanthus	fragrans	Yinbi Shuanghui	1 Gal - 4-6"	ct	variegated, new lvs red-purp, splashed green & edged cream, fragrant wh flw fall thru spring z7b
Osmanthus	heterophyllus	Kaori Hime	1 Gal - 2 Yr	ct	dwarf, 4x4 in 10 yrs, small holly-like lvs, tiny but profuse wh flw Oct - Dec, takes shearing
Osmanthus	heterophyllus	Variegatus	1 Gal - 2 Yr	ct	slow growing evergreen to 10', grn lvs edged cream, fragrant white flw in fall
Parrotia	persica	Golden BellTower PP 28584	1 Gal	ct	reliable columnar, fast, typical lvs w rich gold orn fall
Parrotia	subaequalis	(species)	1 Gal	ct	rare chin. species, smaller, compact than persica, stunning red, pink & wine fall, improved bark
Parthenocissus	quinquefolia	Star Showers ®	1 Gal	ct	variegated virginia creeper - lvs w patches of grn, wh, w hints of pink, fall scarlet, pink & white
Philadelphus	x lemoinei	Belle Etoile	1 Gal	ct	decent bloomer, 1.5" wd flw w purp center, late spring, very fragrant, shrub to 6'
Philadelphus	x lemoinei	Innocence	1 Gal - 2 Yr	ct	upright arching shrub to 8' , very fragrant wh flw, varieg lvs cream white & yellow
Picea	abies	Dan's Dwarf	1 Gal	ct	dwarf, makes a dense compact pyramid or globose outline, bright grn spring, dark summ
Picea	glauca	Pendula	2 Gal - 12-18"	ct	you know the one
Picea	glauca	Pendula	3 Gal - 18-24"	ct	you know the one
Picea	glauca	Pendula	3 Gal - 24-30"	ct	you know the one
Picea	glauca	Pendula	3 Gal - 30-36"	ct	you know the one
Picea	orientalis	Skylands Prostrate	1 Gal	ct	typical Skylands color, flat horizontal spreading form
Pinus	bungeana	Silver Ghost	1 Gal - 2 Yr	ct	flaking bark starts yr 3-4 , doninant silver w chestnut brown and olive green
Pinus	koraiensis	Blue Ball	1 Gal	ct	broom of Oculus Draconis, holds the variegation of the parent in a tight sphere
Pinus	koraiensis	KG	1 Gal - 2 Yr	ct	broom of P. koraiensis Winton, slow & dense sjpreading mound, blue-green needles
Pinus	longaeva	Bristle Ball	1 Gal - 2 Yr	ct	Handy original, tight tear drop or oblong broom, slow, dense & dwarf
Pinus	mugo	Bierun	1 Gal - Lt.	ct	slow, dense, dwarf, green needles turn (almost saffron) yellow as winter approaches
Pinus	mugo	Butternut	1 Gal	ct	Boyko Nursery intro, yellow-gold needles, dwarf, dense & flat-topped, shade
Pinus	mugo	Denny's Dwarf	1 Gal - 2 Yr	ct	very slow, dense miniature, grows no more than 1.0" per year
Pinus	mugo	Laarheide	1 Gal - 2 Yr Liner	ct	low spreading, 3' Ht x 4' Wd, slow growing, md grn in summ, brilliant yellow winter
Pinus	mugo	Nana Balcanica Aurea - 10" Std	1 Gal - 2 Yr Hvy Liner	ct	rare, slow, dwarf, dome shaped or even crawling, gold-yel fall and winter
Pinus	mugo	Patches	1 Gal	ct	variegated, some branches all yellow, cream, or grn, or a combo, slow but not dwf, semi open upright
Pinus	mugo	Sunshine	1 Gal - 2 Yr	ct	dark green needles banded yellow at the base, especially noted in spring, slow semi dwarf
Pinus	strobus	Rob's Halo	1 Gal - 6-10"	ct	still evaluating, open growing, mid range growth rate, needles rich yellow orange winter & spring
Pinus	strobus	Rob's Halo	1 Gal	ct	still evaluating, open growing, mid range growth rate, needles rich yellow orange winter & spring
Pittosporum	tobira	Kansai Sunburst	Tube Liner 2 Yr	ct	evergreen, new growth green w irreg cream edge, fragrant wh flw., z7b
Pittosporum	tobira	Shima	Tube Liner 2 Yr	ct	dwarf low mounding evergreen, lvs yellow in spng, lt green w cream-wh edge, fragrant wh flw., z8
Populus	deltoides	Purple Tower	1 Gal	ct	ok so it's a cottonwood, but w deep purple spade shaped leaves, candidate for pollarding?

Prunus	incisa	Kojo No Mai	1 Gal	ct	dwf shrub, zig-zag limbs, flw red-pnk bud, then pale pink, then white
Prunus	incisa	Kojo No Mai	3 Gal - 4'	ct	dwf shrub, zig-zag limbs, flw red-pnk bud, then pale pink, then white
Prunus	incisa	Zuzu	1 Gal - 10" L.S.T.	ct	columnar wh young, strong upright, narrow pyramid w age, sm lvs w dainty pink flw
Prunus	laurocerasus	Castewellan	1 Gal	ct	variegated, elongated leaves splashed, spotted and mottled white & two tones of green
Prunus	serrula	(species)	1 Gal - Multi	ct	glossy, mahogany red peeling bark, sm white flw
Prunus	serrula	(species)	1 Gal - Single	ct	glossy, mahogany red peeling bark, sm white flw
Prunus	serrula	(species)	1 Gal - 2' - Single	ct	glossy, mahogany red peeling bark, sm white flw
Prunus	serrula	(species)	1 Gal - 3' - Single	ct	glossy, mahogany red peeling bark, sm white flw
Quercus	cerris	Aureo Marmorata	1 Gal - 6-8" L.S.	ct	think rare, lvs mottled & irreg splashed w dark & ligh green & yellow
Quercus	cerris	Aureo Marmorata	1 Gal - 2 Yr	ct	think rare, lvs mottled & irreg splashed w dark & ligh green & yellow
Quercus	macrocarpa	Mother Load	1 Gal - 2 Yr	ct	broom, very slow & dwarf , broadly spreading / vase shaped, dense round topped outline.
Quercus	macrocarpa	Mother Load	1 Gal - 2 Yr Br.	ct	broom, very slow & dwarf , broadly spreading / vase shaped, dense round topped outline.
Quercus	palustris	Green Dwarf	1 Gal - 6-8" L.S.	ct	very rare dwarf, dense low multi trunk with globe habit when young, eventually unfinished
Quercus	palustris	Green Dwarf	1 Gal	ct	very rare dwarf, dense low multi trunk with globe habit when young, eventually unfinished
Quercus	palustris	Variegata (limit 3)	1 Gal	ct	leaves irregularly suffused & spotted with bright white, thought to be lost to the trade.
Quercus	robur	Concordia	15 Gal - 1.50" 12-14'	ct	rich yellow leaves expecially in spring, summer color fades only slightly, full sz tree
Quercus	robur	Furst Schwarzenburg	1 Gal	ct	lvs w 2nd flush mottled lt gr & wh w pink tips, 1st lvs drk grn
Quercus	robur	Furst Schwarzenburg	1 Gal - 2'	ct	lvs w 2nd flush mottled lt gr & wh w pink tips, 1st lvs drk grn
Quercus	robur	General Pulaski	1 Gal - 6-10"	ct	slow, semi dwarf, crinkled leaves, very dark green, narrow upright
Quercus	robur	Strypemonde	1 Gal - 8-10" L.S.	ct	oddball foliage, lvs elongated, irreg lobed, cut to midrib, yellow speckled, lg tree
Quercus	robur	Strypemonde	1 Gal - 1-2' L.S.	ct	oddball foliage, lvs elongated, irreg lobed, cut to midrib, yellow speckled, lg tree
Quercus	rubra	Aurea	1 Gal	ct	rare golden leaf red oak, bright yel lvs, red fall, lg tree
Quercus	rubra	Wingle's Variegated (Limit 3)	1 Gal	ct	scarce variegated type, generous amt of white w green mostly in center, lg tree, red & orng fall
Rhododendron	azalea	Klovei (-10°F)	1 Gal - 2 Yr	ct	miniature for rock garden, dense flat mound, sport of rukizan, bright red flower
Rhododendron	davidsonianum	(species) (15°F)	1 Gal - 2 Yr	ct	mauve to pale lavender, 3-6 funnel sh flw, spreading to 6' in 10 yrs
Rhododendron	kiusianum	Album (-10°F)	1 Gal Short - 2 Yr	ct	tight compact dwarf 18-24", small one inch white flw, tiny lvs
Rhododendron	makinoi x pachys,	(hybrid) (-15°F)	1 Gal - Single	ct	pink flw in May, leaves green-gray / gray-blue - tan indumentum
Rhododendron	oreotrephes	(species) (0°F)	1 Gal - 2 Yr	ct	pink-lavend funnel shaped flw, lvs 3.5" long, oblong, powder blue lvs, purp stems
Rhododendron	serpyllifolium	(species) (5°F)	1 Gal - 2 Yr	ct	decuduous, tiny lvs, twiggy dense spreading shrub, drk pink bud, pink flw, bonsai
Rhododendron	serpyllifolium	(species) (5°F)	3 Gal - 3 Yr	ct	decuduous, tiny lvs, twiggy dense spreading shrub, drk pink bud, pink flw, bonsai
Rhododendron	stenopetalum	var. linearifolium (5°F)	1 Gal	ct	super narrow strap-like lvs, dwf mounding, flw clusters very narrow violet pink May / June
Rhododendron	x	Chemainus (-12°F)	1 Gal - 2 Yr	ct	early, purp pink then pink, long blue grn lvs, 4' in 10 yrs
Rhododendron	x	Golfer (-10°F)	1 Gal	ct	rare, slow, dense, small stature, grn lvs coated w silver-blue & gray blue indumentum, pink flw
Rhododendron	x	Reve Rose (-5)	1 Gal - 2 Yr	ct	3-5 flower pink-pup truss, dense dwarf - 2' in 10 yrs, lvs rounded, copper new grwth
Rhododendron	x	Yummy Yak (-10°F) (limit 2)	1 Gal	ct	dwarf, rounded, indumentum foliage & pink flw

Rhododendron	yedoense	var. poukhanense (-15°F)	1 Gal	ct	super hardy Korean type, funnel shape fragrant rose pink, 4' in 10 yrs
Rhododendron	yeufengense	(species) (-5°F)	1 Gal	ct	new species, dwarf, beefy & compact, rounded blue-grn lvs, bell shape pink flw early summ
Salix	nakamuraana	var. yezoalpina	1 Gal - L.S.	ct	groundcover, large circular lvs, yell 2" upright catkin March, 1' ht x 6' wd, yell fall
Sambucus	racemosa	ssp. pendula	1 Gal - 15" L.S.	ct	obscure, fast pendant, tall sprawling, compound lvs, wh flw cymes late sp, bright red fruit in summ / fall
Sorbus	x thuringiaca	Fastigiata	1 Gal - 2 Yr 2'	ct	extra rare & very narrow, slow growing, dense w drk green lvs, heavy fruiter
Sorbus	x thuringiaca	Fastigiata	1 Gal - 2 Yr 3'	ct	extra rare & very narrow, slow growing, dense w drk green lvs, heavy fruiter
Stachyurus	praecox	Magpie	1 Gal	ct	md sz decid shrub, lt grn leaved w broad yellow edge, 4" yellow racemes late winter
Stachyurus	salicifolius	(species)	1 Gal	ct	evergreen to semi, very narrow green lvs, arching habit to 8', part shade, pendant wh flw
Stewartia	koreana	Lindstrom's Weeping	1 Gal	ct	exceptionally rare, limbs semi undulate, weeps at branch ends
Stewartia	koreana	Lindstrom's Weeping	1 Gal - 2 Yr	ct	exceptionally rare, limbs semi undulate, weeps at branch ends
Stewartia	koreana	Lindstrom's Weeping	1 Gal - 2 Yr 2'	ct	exceptionally rare, limbs semi undulate, weeps at branch ends
Stewartia	malacodendron	Raspberry Splash	1 Gal - 6"	ct	not much data yet, reportedly similar the the species but some red highlights in flw
Stewartia	pseudocamellia	(species)	6-7' & 7-8'	bb	you know the one
Stewartia	pseudocamellia	Ballet	1 Gal	ct	Polly Hill selection, reliably branched form with larger flowers than species
Stewartia	pseudocamellia	Catawampus	1 Gal - L.S.	ct	upright leader w semi undulating side-branches, not weeping but pendant, otherwise typical
Stewartia	pseudocamellia	Mint Frills	1 Gal 8-10"	ct	Polly Hill selection, similar to species in habit, flw petal edge fringed & ruffled w light green inner
Stewartia	pseudocamellia	Pewter aka Silver Seedling	1 Gal	ct	leaves permeated with a light silver cast especially in shaded conditions. typical flower and habit.
Stewartia	pseudocamellia	Pewter aka Silver Seedling	1 Gal - 2'	ct	leaves permeated with a light silver cast especially in shaded conditions. typical flower and habit.
Stewartia	pseudocamellia	Pewter aka Silver Seedling	6 Gal - 3 Yr 3-4'	ct	leaves permeated with a light silver cast especially in shaded conditions. typical flower and habit.
Stewartia	pseudocamellia	Pewter aka Silver Seedling	6 Gal - 3 Yr 4-5'	ct	leaves permeated with a light silver cast especially in shaded conditions. typical flower and habit.
Stewartia	pseudocamellia	Pewter aka Silver Seedling	6 Gal - 3 Yr 5-6'	ct	leaves permeated with a light silver cast especially in shaded conditions. typical flower and habit.
Stewartia	pseudocamellia	Pewter aka Silver Seedling	6 Gal - 3 Yr 6-7'	ct	leaves permeated with a light silver cast especially in shaded conditions. typical flower and habit.
Stewartia	pseudocamellia	Snow Screen	3' & 4' - 3 Yr	bb	naturally low branched, thickly structured and spreading, generous amoutn or red in summer lvs
Stewartia	pseudocamellia	Snow Screen	1 Gal	ct	naturally low branched, thickly structured and spreading, generous amoutn or red in summer lvs
Stewartia	pseudocamellia	Speckle	1 Gal	ct	variegated with generaous amt of yellow irregularly splotched & sectioned, otherwise typical
Stewartia	pseudocamellia	Speckle	2 Gal - 3 Yr 3' Br.	ct	variegated with generaous amt of yellow irregularly splotched & sectioned, otherwise typical
Stewartia	rostrata	Gold Spring	3' & 4' - 3 Yr	bb	our introduction, rich yellow spring lvs lasting until mature size, then green, habit & flower typical.
Stewartia	rostrata	Liam's Symmetriform	1 Gal	ct	our intro, improved growth & symmetry. Somewhat less spreading, flw pinker than species
Stewartia	rostrata	Liam's Symmetriform	3' & 4' - 3 Yr	bb	our intro, improved growth & symmetry. Somewhat less spreading, flw pinker than species
Stewartia	x henryae	Skyrocket	1 Gal	ct	pseudo x monad., strong upright, flw similar to mona., bark rose, brown & cream, narrow lvs, red fall
Styrax	huanus	(species)	1 Gal	ct	rare chinese species, sm tree w large rounded lvs, fragrant wh flw pendant racemes
Styrax	japonicus	Carillon	1 Gal - L.S.	ct	1st pendant form introduced, fast & elegant, strong weeper, self layers top & gains ht. over time
Styrax	japonicus	Carillon	1 Gal - 2 Yr	ct	1st pendant form introduced, fast & elegant, strong weeper, self layers top & gains ht. over time
Styrax	japonicus	Carillon	1 Gal - 2 Yr 2'	ct	2nd pendant form introduced, fast & elegant, strong weeper, self layers top & gains ht. over time
Styrax	japonicus	Evening Light pp 24169	1 Gal	ct	dark purple leaves, strong grower, profuse sm bell shaped flw, fragrant

Styrax	japonicus	Ryan's Weeping	1 Gal - 8-10" L.S.	ct	dwarf weeper, grows like a low profile dissectum, named for #1 son, typical flower
Styrax	obassia	(species)	1 Gal	ct	large rounded lvs, fragrant dropping white flw 6-8" long racemes, late sp & early summ, tree to 30'
Syringa	reticulata	Shirley's Strength	1 Gal - L.S.	ct	first release, weeping japanese lilac, will self layer its top over time but all branches pendant
Syringa	reticulata	Shirley's Strength	5 Gal - 3 Yr 4.5' Hi Gft.	ct	first release, weeping japanese lilac, will self layer its top over time but all branches pendant
Taxodium	distichum	Cascade Falls	1 Gal - L.S.	ct	sprawling unless staked, fast and strongly weeping, makes spreading mound
Taxodium	distichum	Cody's Feathers	1 Gal - 2 Yr	ct	small round shrub or sm tree, soft frilly grn lvs, cones hvy
Taxodium	distichum	Falling Waters	1 Gal - L.S.	ct	rumored hardier thn C. Falls, sprawling unless staked, fast and strongly wpg, spreading mound
Taxodium	distichum	Gabriel	1 Gal - 8-10" L.S.	ct	witches' broom, quite dwarf and congested, blue green lvs, irregular form
Taxodium	distichum	Gee Whiz	1 Gal - 2 Yr	ct	dwarf broom - dwarf horizontal habit, delicate layered look
Taxodium	distichum	Gee Whiz	1 Gal - 3 Yr	ct	dwarf broom - dwarf horizontal habit, delicate layered look
Taxodium	distichum	Gee Whiz - 26" Hi Graft	1 Gal - 2 Yr	ct	dwarf broom - dwarf horizontal habit, delicate layered look
Taxodium	distichum	Hobbit	1 Gal	ct	new release, dwarf structure and growth, dense & round to mounding
Taxodium	distichum	Little Leaf	1 Gal - L.S.	ct	upright, not particularly dwarf but with the smallest foliage of all selections
Taxodium	distichum	Mister Twister	1 Gal - 6" L.S.	ct	semi dwarf type, colvolute snake-like branches & stems
Taxodium	distichum	Mister Twister	1 Gal - 2 Yr	ct	semi dwarf type, colvolute snake-like branches & stems
Taxodium	distichum	Peve Minaret	1 Gal - 6" L.S.	ct	semi dwarf, narrow upright pyramid, dense and uniform
Taxodium	distichum	Twisted Logic	1 Gal - 4-8" L.S.	ct	nonuniform upright w undulating branches & stems
Taxus	baccata	Amersfoort	1 Gal	ct	slow evergreen shrub, oddly textured sm lvs compressed, flat & rounded
Taxus	baccata	Fowle's Dwarf	1 Gal	ct	horizontal, low growing, w short semi-flattened rounded lvs
Taxus	x media	Beanpole	1 Gal	ct	super narrow columnar type, will be less than 2' wd, fast w dark green lvs
Thuja	occidentalis	Amber Glow	1 Gal - 2 Yr	ct	mounding dwf / miniature to 1', yellow w amber-orng accents, in winter, heat tolerant
Thuja	occidentalis	Amber Glow	1 Gal - 2 Yr 10 & Up	ct	mounding dwf / miniature to 1', yellow w amber-orng accents, in winter, heat tolerant
Thuja	occidentalis	Brobeck's Tower	1 Gal - L.S.	ct	slower, borderline dwarf, narrow columnar to 7', green w brnze tints
Thuja	occidentalis	Enlightened	1 Gal	ct	upright, not broad, lvs change cream, mint, olive, bronze - heat tolerant - rare
Thuja	occidentalis	Enlightened	7 Gal - Air Pot 3 Yr 5'	ct	upright, not broad, lvs change cream, mint, olive, bronze - heat tolerant - rare
Thuja	occidentalis	IslPrim	1 Gal	ct	super dwarf little pyramid, looking so much like a little Cham. obtusa its scary
Thuja	occidentalis	Konfetti	2 Yr Graft Pot	ct	dwarf with darke green lvs contrasted with cream & white, 4' in 10 yrs
Thuja	occidentalis	Little Filly	1 Gal - 2 Yr	ct	rare, dwarf filiformis, refined threaded lvs, dense sphere, ideal hedge
Thuja	occidentalis	Malonyana Holub	1 Gal	ct	very slow dwarf to miniature, irregular dense narrow upright, dark green conjested leaves
Thuja	occidentalis	Mossy	1 Gal - L.S.	ct	slow, dwarfish, grey green lvs, spreading groundcover type, irregualr billowy outline
Thuja	occidentalis	Perk Vlaanderen	1 Gal - 2 Yr	ct	seldom found varigated, lt. green w yellow throughout, narrow pyr to conical, 8-12' ht x 5-8' wd.
Thuja	occidentalis	Pin Cushion	1 Gal	ct	rare, dwarf filiformis type, whip like foliage, dense rounded fountain, thick trunked
Thuja	occidentalis	Snowstorm	1 Gal	ct	gray green basal lvs w cream yellow ends, not dwarf & generally upright - still evaluating
Thuja	occidentalis	Snowstorm	2 Gal - 2 Yr 3' L.S.	ct	gray green basal lvs w cream yellow ends, not dwarf & generally upright - still evaluating
Thuja	occidentalis	Snowstorm	5 Gal - 4'	ct	gray green basal lvs w cream yellow ends, not dwarf & generally upright - still evaluating

Thuja	occidentalis	Snowstorm	7 Gal Air Pot - 5'	ct	gray green basal lvs w cream yellow ends, not dwarf & generally upright - still evaluating
Thuja	occidentalis	Stolwijk	1 Gal - 2 Yr	ct	upright pyramidal, leaves speckled cream white at the ends, semi dwarf to 5' in 10 yrs
Thuja	occidentalis	Zmatlic	1 Gal - L.S.	ct	narrow columnar, gently swirling leaves are mid-green, copper-purp winter, 15' x 4'
Thuja	occidentalis	Zmatlic	1 Gal	ct	narrow columnar, gently swirling leaves are mid-green, copper-purp winter, 15' x 4'
Thuja	occidentalis	Zmatlic	3 Gal - 3 Yr	ct	narrow columnar, gently swirling leaves are mid-green, copper-purp winter, 15' x 4'
Thuja	plicata	Lucky Find	1 Gal	ct	variegated with variations of dark green and light yellow w hints of orange.
Thuja	plicata	Lucky Find	5 Gal - 3 Yr 3'	ct	variegated with variations of dark green and light yellow w hints of orange.
Thuja	plicata	Lucky Find	5 Gal - 3 Yr 4'	ct	variegated with variations of dark green and light yellow w hints of orange.
Tilia	cordata	Komsta Minima	1 Gal	ct	slowest form we have tested thus far, tiny lvs and branches, best for bonsai
Tilia	cordata	Monto	1 Gal	ct	smaller & way slower than Girards or Lico, drk grn lvs, dense, round, natural bonsai
Tilia	cordata	Monto	1 Gal - 2 Yr	ct	smaller & way slower than Girards or Lico, drk grn lvs, dense, round, natural bonsai
Tilia	cordata	Monto	3 Gal - L.S. 3 Yr	ct	smaller & way slower than Girards or Lico, drk grn lvs, dense, round, natural bonsai
Tilia	cordata	Winter Orange	1 Gal - 8-10" L.S.	ct	consistent orange bark & red buds, large broad column
Tilia	henryana	(species)	1 Gal - 6-8" L.S.	ct	prized among bee keepers, prolific summ bloomer, unusual finely pointed dentate lvs
Tilia	henryana	(species)	1 Gal	ct	prized b bee keepers , very prolific summ flwr, odd finely pointed dentate lvs, OH reports beetle resist
Tilia	kiusiana	(species)	1 Gal - L.S.	ct	md size, slender foliage, flw attract bees & butterflies, attractive flaking bark, high jap. beetle resistance.
Tilia	kiusiana	(species)	1 Gal	ct	md size, slender foliage, flw attract bees & butterflies, attractive flaking bark, high jap. beetle resistance.
Tilia	platyph. x euchlora	Henryk Eder	1 Gal - 8-10" L.S.	ct	polish intro, very slow upright, dense, twiggy, small and unusual deeply cut leaves
Ulmus	carpinifolia	Parkwood Purple (limit 3)	3 Gal - 4' & 5' Br. -L.S.	ct	just released, plum purple especially spring, less so in summer, strong upright
Ulmus	glabra	Camperdownii - Base Graft	1 Gal - 3'	ct	old school, large and fast weeping tree, forms a graceful dome shape, lg dark grn lvs
Ulmus	parvifolia	Hokkaido	Graft Pot - Jumbo 2 Yr	ct	tinest of leaves and most diminutive in structure, bonsai favorite
Ulmus	parvifolia	Mottled Molly	1 Gal - 4'	ct	new & rare, fast, typical form, sm lvs w lots of white mottling
Ulmus	procera	Aurea	1 Gal - 3'	ct	very bright yellow form, large rounded leaves, fast growing gargantuan
Ulmus	x hollandica	Jaqueline Hillier	1 Gal	ct	outstanding dwarf, tiny dark green leaves thickly arranged, sm tree over time, perfect for bonsai
Ulmus	x hollandica	Wredeii	1 Gal - 2'	ct	columnar, bright yel overlapping lvs, afternoon shade
Ulmus	x hollandica	Wredeii	1 Gal - 3'	ct	columnar, bright yel overlapping lvs, afternoon shade
Viburnum	furcatum	(species)	1 Gal	ct	unusual large orbicular leaf, dark green, wh lacecap type flw, red fruit & fall color
Viburnum	lantana	Variegata	1 Gal - 2 Yr	ct	md size shrub, lvs splashed wh & yel, wh flowers, hardy
Viburnum	odoratissimum	var. awabuki Silver Halo	Tube Liner - 2 Yr	ct	rare evergreen, leaves varieg. green & cream, white flower, june, fragrant, drought tolerant
Wisteria	floribunda	Mon Nishiki	1 Gal	ct	outstanding variegated splashes of cream, yellow and light green, blue purple flower
Wisteria	sinensis	Kofuji	1 Gal	ct	very dwarf, finely & delicately shaped 5" long lvs, sm lav flw (someday), ideal bonsai
Wisteria	sinensis	Kofuji	1 Gal - 10 & up	ct	very dwarf, finely & delicately shaped 5" long lvs, sm lav flw (someday), ideal bonsai
x Gordlinia	grandiflora	(Gordonia x Franklinia)	1 Gal	ct	flw & form lk franklinia, phytoph. resist, easier to trans, fast
Zelkova	serrata	Goblin	1 Gal	ct	very slow dwf, dense globe or tear drop shape, knarled, not contorted, limbs
Zelkova	serrata	Goshiki	1 Gal	ct	variegated, medium green w broad bright white edge. upright tree, vase shaped

Zelkova	serrata	Yatsubusa	1 Gal - 8-10" L.S.	ct	super tiny leaves, very slow and dwarf, bonsai candidate, gnarled upright
Nature Shield	Nature Shield	Nature Shield	1 Gal	ct	prevents wilt / moisture loss, cold protection, stages & delays bud break
